Fundamentals of Title IV Administration, 2008-2009, 2008 *Mental Health Equity* Daniel E. Dawes, Nelson J. Dunlap, Octavio N. Martinez, 2025-09-06

Mental Health Equity is the first comprehensive textbook to explore the drivers of mental health inequities in the United States and the innovative strategies being used to advance equity through programs and policies. Ideal for students in public health, mental health, health policy, social work, medicine, allied health, and psychology, this groundbreaking text takes a holistic ecological approach to addressing historically overlooked public health challenges, empowering learners to understand and combat mental health disparities. The book examines the historical and structural conditions influencing public mental health, including the impacts of racism, redlining, and policy development. Further, it investigates the diverse determinants of mental health equity: social, economic, environmental, biological, and political, highlighting their interconnected roles in perpetuating inequities. It also explores the role that the compounding effects of intersectionality play, the importance of actionable frameworks, state and federal policy initiatives, and payment strategies are for advancing mental health equity. Integrating theory with practice, offering innovative models, global perspectives, and practical tools for community engagement and systemic transformation, *Mental Health Equity* provides a detailed call to action. This inspiring book is for compassionate leaders, clinicians, policymakers, and advocates who support population health and who strive to counter the persistent inequities affecting millions of Americans.

Key Features: Presents real-world applications to groundbreaking frameworks such as intersectionality, political determinants of health, and anti-racism. Provides clearly defined learning objectives, engaging discussion questions, and important case vignettes illustrating challenges of persistent mental health inequities. Brings together perspectives from diverse and notable leaders of public health, medicine, psychology, health policy, law, and social justice. Qualified instructors have access to expanded Instructor Resources featuring chapter PowerPoints, a Sample Syllabus, Test banks, an Instructor Manual with learning activities for each chapter, and additional resources to supplement students' dynamic learning and interaction with the text.

Rural America's Pathways to College and Career Rick Dalton, 2021-04-21

This book provides solutions to the vexing educational challenges that rural communities face and serves as a how-to guide for building college and career readiness within rural schools. *Rural America's Pathways to College and Career* shares practical tips that can be used by educators and community members to transform rural schools, help students develop essential skills, locate and train college and career-ready advisors, establish business partnerships, build college readiness, leverage technology, build interest in science, technology, engineering, and math (STEM) careers, and understand how to pay for college. Based on research and drawing on best practice and poignant stories, Dalton shares examples of success and challenges from interviews conducted with over 200 individuals who have participated in programs across the country. By helping rural youth learn about the opportunities available and by providing them with the support they need to succeed, this book serves as an actionable guide to helping students in rural schools.

Inspire, Empower, Connect Anne Chan,2010-01-16 Mentoring is a hot buzzword these days Unfortunately although the word mentoring is used all the time most people do not know what it means This book fills that gap by describing and illustrating the essential practices of outstanding mentors It provides a realistic look at mentoring by showing what goes on in a mentoring relationship and what mentors actually do with their protégés This book makes a unique contribution through its hands on approach to the thorny issue of cross racial and cross cultural differences in mentoring relationships The book shows how such differences can be handled successfully and can even enrich a mentoring relationship Specific mentoring practices and their racial cultural implications are presented and explained The book gives readers a clear sense of what they can do to mentor and make a real difference even when their protégés are radically different from themselves

Summer Melt Benjamin L. Castleman,Lindsay C. Page,2020-01-15 Under increasing pressure to raise graduation rates and ensure that students leave high school college and career ready many school and district leaders may

believe that when students graduate with college acceptances in hand their work is done But as Benjamin L Castleman and Lindsay C Page show summer can be a time of significant attrition among college intending seniors especially those from low income families Anywhere from 10 to 40 percent of students presumed to be headed to college fail to matriculate at any postsecondary institution in the fall following high school Summer Melt explores the complex factors that contribute to this trend the absence of school support confusion over paperwork lack of parental guidance and the teenage tendency to procrastinate The authors draw on findings from fields such as neuroscience behavioral economics and social psychology to contextualize these factors Drawing on a series of research studies they show how schools and districts can develop effective low cost scalable responses including counselor outreach peer mentoring and using text messages and social media to help students stay on track over the summer Summer Melt offers very practical guidance for schools and districts committed to helping their students make the transition to college
