The organization and distinctive content of the model and source texts in each unit afford teachers the flexibility to implement each unit independently of the others and at any point during the curriculum. For example, a unit may be implemented to assess students' writing prior to implementation of the standard curriculum to scaffold writing instruction leading into a writing assessment or to support struggling writers by addressing gaps in skills as demonstrated in previous assessments. The Paths Writing Units provide teachers with invaluable opportunities to engage students as active participants in their own learning at every stage of the writing process and to customize instruction to meet the varying needs of all students.
