Major League Rebels Robert Elias, Peter Dreier, 2022-04-13 A captivating history of the baseball reformers and revolutionaries who challenged their sport and society and in turn helped change America Athletes have often used their platform to respond to and protest injustices from Muhammad Ali and Colin Kaepernick to Billie Jean King and Megan Rapinoe Compared to their counterparts baseball players have often been more cautious about speaking out on controversial issues but throughout the

sport's history there have been many players who were willing to stand up and fight for what was right. In *Major League Rebels: Baseball Battles over Workers Rights and American Empire*, Robert Elias and Peter Dreier reveal a little known yet important history of rebellion among professional ballplayers. These reformers took inspiration from the country's dissenters and progressive movements speaking and acting against abuses within their profession and their country. Elias and Dreier profile the courageous players who demanded better working conditions, battled against corporate power and challenged America's unjust wars, imperialism and foreign policies, resisting the brash patriotism that many link with the national pastime. American history can be seen as an ongoing battle over wealth and income inequality, corporate power versus workers rights, what it means to be a patriotic American and the role of the United States outside its borders. For over 100 years, baseball activists have challenged the status quo, contributing to the kind of dissent that creates a more humane society. *Major League Rebels* tells their inspiring stories. *The Video Source Book*, David J. WEINER, 1990. **SRDS Consumer Magazine Advertising Source**, 1998. **Cramer's Choice**, Mike Cramer, 2023-10-11. Mike Cramer's first love was baseball cards. Before high school, he had a mail order trading card business. At age 30, he founded Pacific Trading Cards with money he made fishing crab in the Bering Sea. From 1980 to 2004, Pacific created more than 200 successful trading card products. In 2021, a Pacific Tom Brady rookie card sold for 117,000. Pacific's cards remain some of the hobby's most sought after, and other companies still emulate their innovations. Cramer's memoir offers a behind-the-scenes look at the birth of a major card company from one kid's overgrown collection to every hands-on facet of building a business with hundreds of employees producing cards for retail stores worldwide. *The Eternal Present of Sport*, Daniel A. Grano, 2017-06. In his persuasive study *The Eternal Present of Sport*, Daniel Grano rethinks the sport religion relationship by positioning sport as a source of theological trouble. Focusing on bodies, time, movement and memory, he demonstrates how negative theology can be practically and theoretically useful as a critique of elite televised sport. Grano asserts that it is precisely through sport's highest religious ideals that controversies are taking shape and constituting points of political and social rupture. He examines issues of transcendence, legacy, e.g. greatest ever or all time, and witnessing through instant replay, which undermine institutional authority. Grano also reflects on elite athletes representing especially powerful embodiments of religious and social conflict, including around issues related to gender, sexuality, ability, doping, traumatic brain injury and institutional greed. Elite sport is in a period of profound crisis. It is through the ideals Grano analyzes that we can imagine a radically alternative future for elite sport. [The Complete Idiot's Guide to America Online 4](#), John Pivovarnick, 1999. America Online is the largest and most popular online community in the world. And *The Complete Idiots Guide to America Online 4* is the largest and most popular computer book that you're reading about right now.
