Anthony, 2006-05-22 This book is for any average person who wants to achieve excellence. It contains a formula that will enable one to go from zero to excellence in a relatively short period of time. It is extremely valuable for students, business people, managers, executives, artists, and sports people. In fact, it is useful for anyone who desires excellence and creativity and values them in their area of life. I will define excellence as the effortless achievement of a desired goal through the avenue of self-mastery. The aim is to achieve mastery in the area of one's thoughts, emotions, physical body, and relationships, and also to achieve an understanding of how these things are related to the events and circumstances in one's life. When mastery in these areas has been achieved, then achievement becomes effortless, and one is able to achieve exceptional success in the world. The Devil's Match Amelie Vesper, 2025-07-26
