World Cinema On Demand Stefano Baschiera, Alexander Fisher, 2022-05-05 World Cinema on Demand brings together diverse contributions by leading film and media scholars to examine world cinema's dialogue with the transformations that took place during 2010-2014 engaging directly with ongoing debates surrounding national cinema transnational identity and cultural globalization as well as ideas about genre fandom and cinephilia The contributions look at individual national patterns of online distribution engaging with archives SVODS and torrent communities The essays also investigate the cross cultural presence of world cinema in non domestic online markets such as Europe's for example As a result the volume sheds light on geo politically specific issues of film circulation consumption and preservation within a range of culturally diverse filmmaking contexts including case studies from India Nigeria Mexico and China In this way the collection maps the impact of different online formats of distribution in the understanding of World Cinema underlining the links between distribution and media provisions as well as engaging with new forms of intermediation

The Korean Wave in a Post-Pandemic World Geon-Cheol Shin, Mark D. Whitaker, 2023-11-02 This book presents an analysis of how the economic Korean Miracle spread into the cultural Korean Wave Hallyu First only in Asian countries and then around the world the rising popularity of the Korean Wave continued within the pandemic despite or even because of policies of digital lockdowns Partially this has been by design as Korea for decades has had a very strong fast development drive in telecommunications and that aided the growth of its cultural wave Partially however this became exclusively by default how the Korean Wave had to spread increasingly in a digital manner after 2020 globally in response to many countries rules regarding the COVID 19 pandemic in their attempts to enforce a decline in face to face content consumption In retrospect this has meant only more digital growth and innovation for the Korean Wave in past years compared to other cultures entertainment complexes that suffered more Korea's earlier digital readiness combined with later lockdown conditions and pushed the Korean Wave further ahead Despite the ending of COVID 19 lockdowns in many countries a greater digital aftermath will continue in the cultural industry and in the economy in general This is due to changes created in cultural preferences in organizational investments and in communication technologies due to those lockdowns Thus the authors examine how the Korean Wave coped actively with a pronounced digital shift by default in all aspects of media including production distribution and consumption In turn they examine how the greater digital shift in the world's culture and economy influenced the Korean Wave's entertainment performances TV dramas and cosmetics among other areas The authors analyze general trends in the Korean Wave's economics culture and technology along with specific strong cases of the K pop boy group BTS the cosmetics manufacturer Cosmax and the television series Squid Game Since the Korean Wave continues to grow in popularity within a more exclusive digital socialization future implications of such a competitive digital world economy and multi polar digital world culture are discussed for all countries as well

Development of the Global Film Industry Qiao Li, Yanqiu Guan, Hong Lu, 2020-09-01 The

global film industry has witnessed significant transformations in the past few years Regions outside the USA have begun to prosper while non traditional production companies such as Netflix have assumed a larger market share and online movies adapted from literature have continued to gain in popularity How have these trends shaped the global film industry This book answers this question by analyzing an increasingly globalized business through a global lens Development of the Global Film Industry examines the recent history and current state of the business in all parts of the world While many existing studies focus on the internal workings of the industry such as production distribution and screening this study takes a big picture view encompassing the transnational integration of the cultural and entertainment industry as a whole and pays more attention to the coordinated development of the film industry in the light of influence from literature television animation games and other sectors This volume is a critical reference for students scholars and the public to help them understand the major trends facing the global film industry in today s world
