Kuykendall,2023-09-13 We walked down the steps of the church into the cold December air laughing Then I suddenly saw a boy of about fourteen in a cap running past the church shouting The Japs bombed Pearl Harbor The Japs bombed Pearl Harbor For a moment in time Dad and Mom froze and my hair stood on end I didn t even know where Pearl Harbor was located I only knew it must be somewhere in the United States The story of my own family has intrigued me ever since I was a little boy For years I have sat and listened to my parents grandparents and great grandparents besides many aunts uncles and other relatives to hear bits and pieces of our story Life is made up of stories It is how we understand the world around us We need to understand our own lives and choices in light of a historical context We need to have the ability to identify where we align with and don t align with values and ways of life from the past In so doing our lives will feel more grounded People today talk about how they feel a disconnect between themselves in the twenty first century and the untouchable past But the past really holds a lot of the key to the future The right proven ways from the past are ours for the taking if we would but take the time to learn about them And that is what this book is all about Yes it will take time to complete But I don t want it to seem like a homework assignment Enjoy Think about it as a stepping stone to your own historical discoveries May Music Comes in Springtime inspire you as you continue this odyssey called life **Proceedings of the U.S. Public Health**
