seemingly malicious maligning of our Founders by many Americans within our systems of education government and media is being performed with a greater intensity at the passing of each year This constant incessant and relentless barrage of misinformation and falsehoods about their beliefs character and intentions is not only blatantly unjust on its face it is being done to achieve a larger goal What might that goal be Perhaps to transform the country from its original foundational structures to one of power and control for the benefit of the favored few How might this be achieved It can only be accomplished by destroying its original identity of which many mechanisms must be effectively applied e g dumb down and divide the citizenry make alteration of its true history and legitimacy and make chaos of its laws Indeed rid it of its groundwork in natural law and rights rid it of the republican federal arrangement rid it of the ringing of the bells of freedom and liberty due its people If these be achieved and the house divided it surely will no longer stand and might more easily be

enslaved The work you hold in your hand is the first of a three volume series designed to inform you of whom our Founders actually were how they formed their beliefs how they fought with tyranny how they understood the vices due humanity and its relationship to corruptive government and how they implemented a system of limited authority to both promote liberty and check coercion and autocracy through both limited and separation of powers The relevance and gravity to fully understanding these facts even against the backdrop of difficulties with institutional slavery and illegal confiscatory actions of property is crucial for the survival of both our national and individual identities They intentionally structured our form of government to promote our God given and inalienable rights due us to protect of our labor private property and wealth against those within the ruling classes of the church state strongholds The time has fully arrived to allow our Founders to speak for themselves You should however hold no pre conceived biases one way or the other hold no fantastical favors for or against these men and women whom we identify as Founders nor hold anything but truth as your guide since it is quite possible that your historical frame of reference will be severely shaken It is best you simply strap in Tullius

Political Thought and the Origins of the American Presidency Ben Lowe, 2024-09-17 How the American executive office was constructed in the Constitution and implemented by the first presidents This volume examines the political ideas behind the construction of the presidency in the U S Constitution as well as how these ideas were implemented by the nation's early presidents The framers of the Constitution disagreed about the scope of the new executive role they were creating and this volume reveals the ways the duties and power of the office developed contrary to many expectations Here leading scholars of the early republic examine principles from European thought and culture that were key to establishing the conceptual language and institutional parameters for the American executive office Unpacking the debates at the 1787 Constitutional Convention these essays describe how the Constitution left room for the first presidents to set patterns of behavior and establish a range of duties to make the office functional within a governmental system of checks and balances Contributors explore how these presidents understood their positions and fleshed out their full responsibilities according to the everyday operations required to succeed As disputes continue to surround the limits of executive power today this volume helps identify and explain the circumstances in which limits can be imposed on presidents who seem to dangerously exceed the constitutional parameters of their office Political Thought and the Origins of the American Presidency demonstrates that this distinctive time tested role developed from a fraught historically contingent and contested process Contributors Claire Rydell Arcenas Lindsay M Chervinsky Francois Furstenberg Jonathan Gienapp Daniel J Hulsebosch Ben Lowe Max Skjnsberg Eric Slauter Caroline Winterer Blair Worden Rosemarie Zagarrri A volume in the Alan B and Charna Larkin Series on the American Presidency
