Computer Basics Absolute Beginner's Guide, Windows 8 Edition Michael Miller, 2012-09-14 This year millions of casual computer users will buy new Windows 8 mobile devices, notebooks and desktop PCs. They'll want to know how to find their way around, get comfortable and get the job done without jargon, complexity or hassle. There's a book for them: Michael Miller's *Absolute Beginner's Guide to Computer Basics, Windows 8 Edition*. It's the one book that covers everything today's beginners and near beginners need to know, not just about Windows but also about software, hardware and the Internet. Through 100 books, author Michael Miller has established an unparalleled track record in explaining complicated concepts simply and clearly and empowering beginners. Now he's thoroughly updated his best-selling *Absolute Beginner's Guide to Computer Basics* to cover today's user experience with Windows 8, Internet Explorer 8 and today's hottest online tools from Craigslist and Facebook to Twitter, Wikipedia and Google Docs. The latest edition of *Absolute Beginner's Guide to Computer Basics* is updated with coverage of Windows 8, which introduces the totally new Metro user interface. Given Metro's genesis as a mobile interface and Microsoft's push towards a new breed of touchscreen computing devices, this new edition will include more hardware coverage than previous editions. In addition, this book will cover Windows 8's new Metro interface in depth, as well as feature increased coverage of social networking and cloud computing applications. Influencer Marketing Strategy Gordon Glenister, 2021-03-03 **SHORTLISTED Business Book Awards 2022 Sales Marketing category** Create an influencer marketing strategy that benefits both brand and the influencer with this fascinating guide rich in case studies from the biggest and the best and the small and specialist. Influencer marketing can no longer be ignored. Whether it's broad scale celebrity endorsement or micro influencers with niche, highly targeted followings, influencer marketing has become a natural extension of content marketing. However, while the opportunities are vast, the very nature of influencer marketing means that a brand must relinquish control of their marketing message to allow the influencer to communicate in their natural style. This can be unnerving and it's therefore imperative to have a clearly defined campaign that mutually benefits and protects both the brand and the influencer. *Influencer Marketing Strategy* gives readers everything they need to create an influencer marketing strategy. It will walk readers through the key considerations and offer insight into decisions such as choosing the right influencer, planning content and how to incorporate influencer marketing into your wider marketing strategy. This book presents fascinating in-depth case studies from the beauty, fashion, gaming, travel, health and tech industries, demonstrating

the variety of ways that influencer marketing can be utilized and the huge opportunities it presents for organizations and industries of all sizes Influencer Marketing Strategy is the ultimate guide to developing a successful influencer marketing strategy and building campaigns that create real value

Minority Tech Anjuan Simmons,2013-07-28 The technology field has become a key driver of the world economy Companies like Apple Google Microsoft and Facebook are not only iconic organizations but their founders are often legends in their own right However the ethnic and gender make up of these companies are overwhelmingly reflections of their founders white males Anjuan Simmons has worked in the technology industry for 20 years as a software developer infrastructure architect and software project manager His experiences as a minority in the technology industry inspired him to describe them on his blog Minority Tech is a curated edited and augmented selection of those blog entries The titles covered include The New Negro Problem America and the Loss of the Black Genius A Code of Conduct for Black Men Why I Believe in Affirmative Action What the world Needs from Trayvon Martin 3 Reasons Why the Technology Industry Needs More Diversity What Facebook Taught Me about Rape Prevention and more

Algorithms for the People Josh Simons,2025-07-08 How to put democracy at the heart of AI governance Artificial intelligence and machine learning are reshaping our world Police forces use them to decide where to send police officers judges to decide whom to release on bail welfare agencies to decide which children are at risk of abuse and Facebook and Google to rank content and distribute ads In these spheres and many others powerful prediction tools are changing how decisions are made narrowing opportunities for the exercise of judgment empathy and creativity In Algorithms for the People Josh Simons flips the narrative about how we govern these technologies Instead of examining the impact of technology on democracy he explores how to put democracy at the heart of AI governance Drawing on his experience as a research fellow at Harvard University a visiting research scientist on Facebook's Responsible AI team and a policy advisor to the UK's Labour Party Simons gets under the hood of predictive technologies offering an accessible account of how they work why they matter and how to regulate the institutions that build and use them He argues that prediction is political human choices about how to design and use predictive tools shape their effects Approaching predictive technologies through the lens of political theory casts new light on how democracies should govern political choices made outside the sphere of representative politics Showing the connection between technology regulation and democratic reform Simons argues that we must go beyond conventional theorizing of AI ethics to wrestle with fundamental moral and political questions about how the governance of technology can support the flourishing of democracy
