Saving Capitalism Robert B. Reich, 2015-09-29 From the author of *Aftershock* and *The Work of Nations* his most important book to date a myth shattering breakdown of how the economic system that helped make America so strong is now failing us and what it will take to fix it Perhaps no one is better acquainted with the intersection of economics and politics than Robert B Reich and now he reveals how power and influence have created a new American oligarchy a shrinking middle class and the greatest income inequality and wealth disparity in eighty years He makes clear how centrally problematic our veneration of the free market is and how it has masked the power of moneyed interests to tilt the market to their benefit Reich exposes the falsehoods that have been bolstered by the corruption of our democracy by huge corporations and the revolving door between Washington and Wall Street that all workers are paid what they re worth that a higher minimum wage equals fewer jobs and that corporations must serve shareholders before employees He shows that the critical choices ahead are not about the size of government but about who government is for that we must choose not between a free market and big government but between a market organized for broadly based prosperity and one designed to deliver the most gains to the top Ever the pragmatist ever the optimist Reich sees hope for reversing our slide toward inequality and diminished opportunity when we shore up the countervailing power of everyone else Passionate yet practical sweeping yet exactly argued *Saving Capitalism* is a revelatory indictment of our economic status quo and an empowering call to civic action

Global Meets Digital Vinod Jain, 2023-06-02 The world today is at the intersection of two megatrends Globalization and Digitalization a business revolution unfolding in real time *Global Meets Digital* captures the many nuances of this revolution succinctly including its impact on our lives and business An immediate implication of this revolution is that the economic principles that underpinned business and strategy for hundreds of years such as diminishing returns to scale and resource scarcity are no longer valid for a large and growing number of products and services The book will challenge you to think differently not just about digital products but also about physical products In the global digital world products are of three kinds physical digital and smart machines products that are both physical and digital and connected to the internet a distinction missed by most books on strategy and global business The economics of each kind of products is distinct from that of the others which has strategic implications for all kinds of businesses implications such as how to compete and how to create and capture value With several mini case studies and over 100 company examples the book covers themes and cutting edge issues like the paradox of globalization digital disruption disruptive business models exponential technologies Internet of Things competition in digital markets winner take all market dynamics Industry 4 0 how to innovate strategizing for the New Normal and value creation and value capture in both B2C and B2B contexts The book derives its underpinnings from the practice of global and digital business while theory remains in the background Intended specifically for an executive professional audience *Global Meets Digital* should also be of value to business students and professors learning to dip their

toes into a digital world Vinod Jain is an expert in global and digital strategy award winning professor Fulbright Scholar and author of an MBA textbook Global Strategy He taught at the Rutgers Business School Newark and New Brunswick and the Robert H Smith School of Business University of Maryland College Park At Maryland he was also the Founding Director of the federally funded Center for International Business Education and Research and Academic Director of Smith School s Executive MBA program in China Since leaving Maryland he has taught in China Denmark Finland Poland and India as a visiting or term professor His opinion pieces have appeared in The Washington Post The Baltimore Sun Mensa Bulletin and Economic Times and Mint India s 1 and 2 business dailies among other media In the past he worked as a middle and senior level executive with American and British multinationals Vinod has a PhD in Strategy and International Business from the University of Maryland College Park MS in Management from UCLA and MS and BS Hons in Statistics from the Indian Statistical Institute Calcutta
