Using the Google Places API and Google Trends Data to Develop High Frequency Indicators of Economic Activity Mr. Paul A Austin, Paul Austin, Mr. Marco Marini, Alberto Sanchez, Chima Simpson-Bell, James Tebrake, 2021-12-17 As the pandemic heightened policymakers demand for more frequent and timely indicators to assess economic activities traditional data collection and compilation methods to produce official indicators are falling short triggering stronger interest in real time data to provide early signals of turning points in economic activity In this paper we examine how data extracted from the Google Places API and Google Trends can be used to develop high frequency indicators aligned to the statistical concepts classifications and definitions used in producing official measures The approach is illustrated by use of Google data derived indicators that predict well the GDP trajectories of selected countries during the early stage of COVID 19 To this end we developed a methodological toolkit for national compilers interested in using Google data to enhance the timeliness and frequency of economic indicators

Amazon Paul Smith, Alexander Monea, Maillim Santiago, 2022-11-28 Amazon is everywhere In our mailboxes in delivery vans clogging our streets in an increasing portion of our air traffic in our grocery stores on our televisions in our smart home devices and in the infrastructure powering many of the websites we visit Amazon s tendrils touch the majority of online retail transactions in the United States and in many other countries As Amazon changes the face of capitalist business it is also changing global culture in multiple ways This book brings together some of the most important analyses of Amazon s pioneering business practices and how they intersect with and affect the components of everyday culture Its contributors examine the political economy of Amazon s platform making the argument that it operates as an unregulated monopoly that is disruptive to the global economy and that its infrastructure and logistical operations increasingly alienate its workers and wreak many other social harms Our contributors outline the practices of resistance that have been employed by organizers ranging from Amazon employees to artists to digital piecemeal laborers working on Amazon s Mechanical Turk platform They examine the broader cultural impact that Amazon has had looking at things like Amazon Prime and the creation of unending consumption the absorption of Whole Foods and its brand of conscious capitalism and the impact of Amazon Studios and Prime Video on everyday film and television viewing practices This book examines the broader environmental impacts that Amazon is having on the world looking at the slow violence it incurs its underwhelming Climate Pledge and the regional impacts that its business practices have Lastly this book gathers together some important artistic responses to Amazon for the first time in an appendix that offers readers insight into other ways in which critics of the company are making their voices heard and attempting to move broader audiences into solidarity

against Amazon **The Wisest Owl** Anupam Gupta,2022-07-25 India is witnessing a major change in the way we look at money Having reached the middle income status as a country a vast section of the youth is now aspiring for higher financial goals This large population is breaking away from its parents in almost every way including financially But the new generation of Indians entering the workforce demand more knowledge on their investments They constantly grapple with complicated questions surrounding money What do they do with their money How do they plan for their future Most of the time they get bad advice Mutual funds have not really delivered meaningful returns stock selection is extremely complicated and sophisticated investments like PMSs AIFs etc are only for the wealthy This book tries to help these young investors by offering them a framework they can use to create wealth in the long run Using the wisdom and experience of Indian s top personal finance professionals the book answers critical questions such as Should I rent a house or buy a house Passive investing versus active investing Stocks versus mutual funds Debt funds or FDs And finally crypto or no crypto *Creativity and Data Marketing* Becky Wang,2017-01-03 The world is moving towards universal connectivity at a dizzying rate underpinning this complex system of incessant transaction connection and digital experience is an infrastructure that generates a trail of data This trail not only tells us about human behaviour but provides vital insights into market dynamics consumer behaviour as well as the relationships we value and the culture we live in Creativity and Data Marketing helps marketers access this data find meaning in it and leverage it creatively to gain a competitive advantage Creativity and Data Marketing addresses the need to analyse data creatively and in particular how balancing tangible insights with creative market influence can maximise business innovation and results The book clarifies where businesses can improve existing infrastructure processes and activities as well as finding new addressable markets ready to validate or rethink market demand By identifying how and why a consumer interacts with touch points beyond paid media for example forums blog content native advertising and word of mouth Becky Wang presents a creativity and data blueprint on how businesses can make lucrative steps forward to innovate their products services and communication strategies laying the groundwork for long term results Online resources include bonus content covering analytics methods evolving research data platforms and more and a creative brief template *Communication Technology Update and Fundamentals* August E. Grant,Jennifer Meadows,2020-06-04 Communication Technology Update and Fundamentals now in its 17th edition has set the standard as the single best resource for students and professionals looking to brush up on how communication technologies have developed grown and converged as well as what s in store for the future The book covers the fundamentals of communication technology in five chapters that explain the communication technology ecosystem its history theories structure and regulations Each chapter is written by experts who each provide a snapshot of an individual field The book also dives into the latest developments in electronic mass media computers consumer electronics networking and telephony Together these updates provide a broad overview of these industries and examine the role communication technologies play in our everyday

lives In addition to substantial updates to each chapter the 17th edition includes the first ever chapter on Artificial Intelligence updated user data in every chapter an overview of industry structure including recent and proposed mergers and acquisitions and sidebars exploring sustainability and relevance of each technology to Gen Z Communication Technology Update and Fundamentals continues to be the industry leading resource for both students and professionals seeking to understand how communication technologies have developed and where they are headed

Business, Society and Government Essentials Robert N. Lussier, Herbert Sherman, 2022-05-18 Understanding the interrelationship of business society and government is vital to working at any level in an organization of any size This text develops strategic management skills using an applied ethics approach primarily through a case study analysis pedagogy to develop and implement ethical strategies in today s high tech global community The authors crystallize the complex array of issues that business leaders managers and employees face in market and nonmarket environments from balancing stakeholder interests and dealing with government regulations to managing crises and making socially responsible and ethical decisions Technical concepts come to life through a variety of cases and case questions thought provoking personal and professional applications ethical dilemmas and practical exercises Furthermore an appendix offers approaches to case analysis and includes a case analysis table that serves as a model for students and professors Thoroughly revised and updated the third edition includes discussions on the influence of globalization and technology the impact of COVID 19 and greater focus on developing ethical strategies With its thorough coverage of relevant issues and skill building elements to stimulate critical thinking this text will engage and prepare students to understand and confront real world business issues by developing and implementing ethical strategies through case analysis of companies and analysis of organizational ethical dilemmas

Digital Innovations for Mass Communications Paul Martin Lester, 2013-11-12 In every field of mass communications advertising entertainment studies journalism public relations radio television film tourism and visual reporting professionals understand the importance of storytelling Regardless of whether the finished product is a commercial an in depth investigative piece a public service campaign an independent documentary a travelogue or a collection of photographs effective storytelling requires a combination of creativity empathy and expertise Through the innovative technologies and techniques described in this textbook students will learn how to turn passive readers and viewers into engaged and regular users The sixteen chapters each include a brief introduction assignments simple to follow step by step exercises and sources for additional information in which users will learn to produce apps informational graphics quick response codes quizzes simulations smartphone and table icons social media campaigns three dimensional pictures and video Students will work with the following programs Blogger Dreamweaver Excel Facebook GeoCommons Google Maps Illustrator Imgur iMovie Infogram iShowU JavaScript JustGive Kaywa Kickstarter LinkedIn Onvert Photoshop Pixel Resort QuickTime Reddit Second Life SurveyMonkey TheAppBuilder Twitter Vizualize Wikipedia Word WordPress and YouTube When digital innovations are added to traditional

print and screen presentations a media user is not only allowed to interact with the information but can also physically engage with the story displayed Giving students the tools they need to transform their storytelling in this manner is the ultimate goal of this textbook

Business & Society O.C. Ferrell,Debbie M. Thorne,Linda Ferrell,2023-01-15 Formerly published by Chicago Business Press now published by Sage Business Society integrates business and society into organizational strategies to showcase social responsibility as an actionable and practical field of interest grounded in sound theory In corporate America today social responsibility has been linked to financial performance and is a major consideration in strategic planning This innovative Eighth Edition ensures that business students understand and appreciate concerns about philanthropy employee well being corporate governance consumer protection social issues and sustainability helping to prepare them for the social responsibility challenges and opportunities they will face throughout their careers The author team provides the latest examples stimulating cases and unique learning tools that capture the reality and complexity of social responsibility Students and instructors prefer this book due to its wide range of featured examples tools and practices needed to develop and implement a socially responsible approach to business

Tourism Marketing in East and Southeast Asia Styliadis, Dimitrios,Kim, Seongseop,Kim, Jungkeun,2022-12-19 Despite the increased research interest in tourism in Asia most research has focused on the key destinations China Macau Hong Kong Thailand while neglecting other destinations which are less well explored Little is known about the marketing efforts and practices along with the successes and challenges countries in the East and Southeast Asia have been experiencing This book aims to address this oversight by exploring the marketing approaches techniques and tools used by various countries in the region both collectively and individually to manage their tourism offerings and position them in the global tourism market China Hong Kong Indonesia Japan Korea Macau Mongolia Myanmar Vietnam The book will be of interest to tourism marketing researchers practitioners academics undergraduate and postgraduate students who will find these insightful contemporary case studies useful in the classroom
