research has generated increased interest in recent years. It is crucial for a number of different subdisciplines: pragmatics, semantics, cognitive and contrastive linguistics, to name just a few. The subject is of particular interest to experts and students, philosophers, teachers, philologists and psychologists interested in the study of their language or in comparing linguistic structures. The different deictic structures not only the items themselves but also the oppositions between them reflect the fact that neither the notions of space, time, person nor our use of them are identical cross-culturally. This diversity is not restricted to the difference between languages but also appears among related dialects and language varieties. This volume will provide an overview of the field focusing on Romance languages but also reaching beyond this perspective. Chapters on diachronic developments, language change, comparisons with other non-European languages and on interfaces with neighboring fields of interest are also included. The editors and authors hope that readers, regardless of their familiarity with Romance languages, will gain new insights into deixis in general and into the similarities and differences among deictic structures used in the languages of the world.

Interracial Romance and Health Byron Miller, 2022-10-31 Romantic relationships and health are fundamental for society, but what happens to a person's well-being when he or she chooses the wrong partner? *Interracial Romance and Health: Bridging Generations, Race Relations, and Well-Being* tackles this growing public health issue which impacts millions of people in interracial relationships, especially young adults. With a particular focus on a group of young adults whom he calls the Bridge Kids, Byron Miller provides a critical examination of how racial identity, socialization and the partner selection process influence whether a person becomes interracially involved. For those that do cross racial lines for romance, Miller reveals that the race of one's partner can have a significant impact on their lived experiences and health outcomes. Opposing the idea that interracial relationships are bad for society and an individual's health, Miller argues that interracial romance has health benefits for some, is generally good for society, and that what is truly detrimental is the unnecessary stress people in interracial relationships feel due to their experiences with stigma, racism and discrimination. Miller concludes that as the prevalence of interracial romance grows, so does the urgency to address these issues to protect the well-being of the Bridge Kids and others in interracial romantic partnerships.

Westbindung oder Gleichgewicht? Andreas Lutsch, 2019-11-05 Der Status der Bundesrepublik Deutschland als Nichtkernwaffenstaat und ihre faktische Position in der nuklearen Weltordnung zur Zeit des Ost-West-Konflikts standen in einem Spannungsverhältnis zueinander. Dies zeigt auch die Geschichte der nuklearen Sicherheitspolitik der Bundesrepublik Deutschland in den 1960er und 1970er Jahren, die Andreas Lutsch in diesem Buch analysiert. Welche Interessen verfolgte Deutschland in Bezug auf die westliche Nuklearstrategie und die nukleare Rüstungskontrollpolitik, ohne Atomkraft werden zu wollen? Wie veränderten sich Positionen, Ziele und Interessendefinitionen in der deutschen nuklearen Sicherheitspolitik? Wie wurden die deutschen Interessen von den USA eingeschätzt? Wie entwickelte sich die Position der Bundesrepublik in der NATO und welche Rolle spielte ihr Status als Nichtkernwaffenstaat? Diesen Fragen zur deutschen Nukleardiplomatie geht der Autor

Odell, 2022-07-15 Excerpt It was morning on the plains of Asia Long legged herons stood in the shallows of the yellow Jaxartes bathing their feet in its sluggish flood and warming their bodies in the first rays of the sun They were silently and uneasily watching a host of armed men drawn out in long battle lines across the lowlands bordering the southern margin of the stream Where the armed host stood was a sandy plain about two miles wide Beyond this was a low range of sand hills which trended away to the southeast enlarging the plain as they receded from the river Cutting through hills and plain to join the river bed was a dry water course where in winters only a torrent flowed In it were some stunted trees and scattered thickets of shrubs To the north of the river was a vast plain on which the dry yellow grass had been withered by summer sun and wind Far in the east appeared dimly through a blue haze the summits of high mountains Westward the river had yet to flow half its length to the Oxian swamps Here it was wide and shallow and its banks were low and marshy The rays of the sun sparkled on the brazen breastplates and shining blades of battle axes on the spear points and gilded helmets of two hundred thousand men who here awaited the approach of a far more numerous host coming down from the east along the river towards them The light rested softly upon the stern bearded faces of veterans of many wars and the softer cheeks of young men on this their first campaign They were men of Iran for the most part though some were Assyrians Babylonians Arabs Hebrews or Greeks from the Ionian cities They were followers of Cyrus the King of Kings the Great King ever victorious Lord of the World *Book 1 the Romance* David Pedri, 2019-04-15 The Romance is Book I of a trilogy The Indivisible Light in which this Christian author explains certain mysteries of Scripture of life and love of existence and eternity David the heroic patriot who defends America against invasion by one million men in Book II meets the love of his life in The Romance He fights wild animals murderous conspirators and the strong will of a beautiful woman and her father in order to win Angela's affections The treasure he
