2012 edition The United States Code is the official codification of the general and permanent laws of the United States The  
Code was first published in 1926 and a new edition of the code has been published every six years since 1934 The 2012  
edition of the Code incorporates laws enacted through the One Hundred Twelfth Congress Second session the last of which  
was signed by the President on January 15 2013 It does not include laws of the One Hundred Thirteenth Congress First  
session enacted between January 3 2013 the date it convened and January 15 2013 By statutory authority this edition may be  
cited U S C 2012 ed As adopted in 1926 the Code established prima facie the general and permanent laws of the United  
States The underlying statutes reprinted in the Code remained in effect and controlled over the Code in case of any  
discrepancy In 1947 Congress began enacting individual titles of the Code into positive law When a title is enacted into  
positive law the underlying statutes are repealed and the title then becomes legal evidence of the law Currently 26 of the 51  
titles in the Code have been so enacted These are identified in the table of titles near the beginning of each volume The Law  
Revision Counsel of the House of Representatives continues to prepare legislation pursuant to 2 USC 285b to enact the  
remainder of the Code on a title by title basis into positive law The 2012 edition of the Code was prepared and published
