Return To Life Pam Butler, 2018-05-01 If you've found your way to Return to Life it's probably because you've experienced some hard times in your life. Maybe you've lived through a breakup or an illness, the death of someone close to you, or a period of high stress, anxiety, or debilitating depression. Maybe you've experienced all of the above at once. If you've ever experienced this kind of brought you to your knees moment, this book is meant for you. Everyone has their own story to tell. Some are more traumatic than others, but the larger truth is that everyone has faced hardship. None of us is alone in this. But the darkest of times provide some of the best opportunities to learn, grow, and change our lives for the better. Pam Butler shares wisdom that can be applied universally, no matter the challenge. Each chapter contains a practical takeaway forming part of a Bliss Toolbox, the practices that will help you not only survive difficult times but use the experiences to bring greater purpose and fulfillment to your life. These include stop, drop, and breathe; mindful journaling; meditation; exercising your mind; muscle gratitude; yoga; serving others; and creating a daily practice. Let Pam's inspirational story be the guide you need to live a more peaceful, purposeful, and happier life.

Return to Spirit Christopher B. Soltis, 2019-05-14 Life doesn't come with an instruction manual. We are all born with different circumstances and opportunities and learn from our mistakes and experiences. The knowledge and wisdom gained are invaluable and make us stronger in mind, body, and spirit. Chris details navigating obstacles of alcohol and drug abuse, severe depression, heart break, and loss from a long-term relationship, being near bankruptcy, and just about wanting to throw in the towel altogether. The only way out is through. This book gives his personal account of spontaneous Kundalini Awakening, which is the physiological mechanism of union of mind, body, and spirit. Through a disciplined approach to wellness, yoga, and self-inquiry on such topics relating to spirit, yoga, culture, society, history, philosophy, psychology, relationships, religion, freedom, genetics, evolution, mathematics, numerology, science, energy, astrology, love, paradise, eternity, consciousness, and the universe, Chris established the connection with the subtle body through his energy centers, chakras. His story is there to assist any reader in making the same connection and progressing on the path of spiritual growth and development.

nature and the body and pushes back against the white supremacy colonialism patriarchy and capitalism embedded in modern embodiment practices Pushing back against a consumerist pleasure centric somatics industry that privileges product over process Abigail Rose Clarke reminds us that truly meaningful embodiment practice nurtures our relationships among self nature and community Combining the rigor of the scientific method with the poetry and lyricism of movement and somatic studies Clarke s somatic learning system The Embodied Life Method centers the body as a guide through today s most seemingly intractable social and environmental challenges reclaiming the body as a source of liberatory comfort in times of great uncertainty and yet possibility With tools and practices to help us better understand and dismantle the many ways our bodies are weaponized to serve domination systems topics covered include Harnessing the vitality of curiosity and experimentation Using nature as a guide to possibility Embracing the necessity of difference Exposing the lie of universal isolation Dismantling the fallacy of hierarchy Uncovering the truth of endless capacity Awe as a driving force for transformation With methods honed over decades of inquiry teaching and practice Returning Home to Our Bodies provides a lucid body based model of healing and restoration one that imagines a world beyond systems of domination marginalization and isolation to nurture embodied whole community liberation **The Return of Zeus** John E.
