Version 3.0 updated August 28, 2023. This book gives you the information you need to build and maintain a digital photo workflow that makes it easy to import, rate, tag, and store photos; to find them quickly and easily later. It helps you spend more time on the enjoyable aspects of photography: capturing and viewing your photos, and less on the mundane but essential task of managing all your photos. It also puts you in the best position to quickly find and edit your most promising photos. Are you drowning in a sea of digital photos? Unable to find the shots you're looking for or to stay on top of managing all the photos you're taking? Digital photography expert Jeff Carlson gives you a plan for tackling this problem, starting with preparing your camera ahead of time, then choosing the right app to manage your photos, judging and organizing your photos, and backing up your photos for safekeeping. In this book, Jeff offers advice to cover both macOS and Windows, along with limited coverage of mobile platforms, and to address a broad range of photo management apps, including Apple Photos, Capture One, Lightroom Classic, Lightroom desktop, Excire Foto, Exposure X7, Mylio Photos, ON1 Photo Keyword AI, and ON1 Photo RAW. With this book, you'll learn how to get started with the minimum amount of work, take advantage of software intelligence to do some of the categorizing work for you, and find out how you can accomplish some tasks even if you have little time. Prep your camera. Learn four actions you can take before you head out the door that will make things easier after you return with new pictures. Manage your workflow. Choose the software and approach that best meets your needs for organizing your photos. Import the right way. Learn how to assign valuable metadata.

to all images that come in during the import stage saving lots of time and effort Pick winners and losers Assign ratings to your photos and remove or hide unwanted photos Remove duplicates Use Lightroom Classic Photos for macOS or Gemini Photos for iOS iPadOS to find and delete duplicate images Use AI Machine Learning Learn about AI ML terminology and use software tools like ON1 Photo Keyword AI and Excire Foto to apply keywords automatically Apply keywords and metadata If needed manually apply keywords to individual shots learn how to apply geotags using location data from external devices like an iPhone and use facial recognition to collect shots of specific friends and family members Search with smart albums Build smart albums whose contents change depending on criteria you've specified allowing you to find photos more easily even in images you add in the future Manage multiple libraries Use Photos for macOS Lightroom Classic or Peakto to manage multiple photo libraries Go mobile Find the right online service for making your photos available on mobile devices based on your needs and which desktop photo management app you use Protect your photos Learn how to implement a backup strategy that will preserve all your data not just your photos and how to archive photos for the future

Mastering Cloud Computing

Rajkumar Buyya, Christian Vecchiola, S. Thamarai Selvi, 2013-04-05 Mastering Cloud Computing is designed for undergraduate students learning to develop cloud computing applications. Tomorrow's applications won't live on a single computer but will be deployed from and reside on a virtual server accessible anywhere any time. Tomorrow's application developers need to understand the requirements of building apps for these virtual systems including concurrent programming, high performance computing and data intensive systems. The book introduces the principles of distributed and parallel computing underlying cloud architectures and specifically focuses on virtualization, thread programming, task programming and map reduce programming. There are examples demonstrating all of these and more with exercises and labs throughout. Explains how to make design choices and tradeoffs to consider when building applications to run in a virtual cloud environment. Real world case studies include scientific business and energy efficiency considerations. [Analogues of Canal Zone Climate in South America](#) Will F. Thompson, 1958
