that their votes didn't matter. And with statewide winner take all rules only a handful of battleground states ultimately decide who will become president. Now as political passions reach a boiling point at the dawn of the 2020 race the message from the American people is clear. The way we vote for the only official whose job it is to represent all Americans is neither fair nor just. Major reform is needed now. Isn't it time to let the people pick the president? In this thoroughly researched and engaging call to arms Supreme Court journalist and New York Times editorial board member Jesse Wegman draws upon the history of the founding era as well as information gleaned from campaign managers, field directors and other officials from twenty first century Democratic and Republican presidential campaigns to make a powerful case for abolishing the antiquated and antidemocratic Electoral College. In *Let the People Pick the President* he shows how we can at long last make every vote in the United States count and restore belief in our democratic system. *Drawing for the Absolute Beginner* Mark
