Young Professionals in Publishing – Nachwuchskräfte im Verlagswesen Lisa Gürtler, Joanna Rietl, Laura Marie Zinganell, 2025-04-28 This book provides an overview of the current developments in the publishing industry and demonstrates the role that young professionals play in this field Publishers are confronted with a variety of trends and challenges including the influence of social media digitalisation and the use of rapidly changing technologies as well as new business models and evolving professional profiles within the publishing industry itself Due to their digital affinity among

other things young professionals represent a significant potential source of strategic advantage for the publishing industry. However, what expectations do young people have of the labour market and how can an attractive working environment and job offer be created to attract and retain young professionals? This book, written by students who understand the challenges first hand, provides answers to these questions, offers clear recommendations for HR professionals as well as publishers and demonstrates how both sides can benefit from each other in the future. *Young Professionals in Publishing* was written with the support of GPT and translated into German. It was created as part of a university course at Johannes Gutenberg University Mainz and Edinburgh Napier University. Dieses Buch bietet einen Überblick über aktuelle Entwicklungen in der Verlagsbranche und zeigt auf, welche Rolle Nachwuchskräfte hierbei spielen. Verlage sehen sich mit einer Vielzahl von Trends und Herausforderungen konfrontiert: vom Einfluss der sozialen Medien über die Digitalisierung und den Einsatz sich schnell verändernder Technologien bis hin zu neuen Geschäftsmodellen und Berufsprofilen innerhalb des Verlages selbst. Nachwuchskräfte bringen u.a. durch ihre digitale Affinität viele Potenziale mit, die die Verlagsbranche strategisch für sich nutzen kann. Doch welche Erwartungen haben junge Menschen an den Arbeitsmarkt und wie können ein attraktives Arbeitsumfeld und Angebot geschaffen werden, um Berufseinsteigerinnen zu gewinnen und zu halten? Dieses Werk verfasst von Studierenden, die die Herausforderungen aus erster Hand kennen, liefert Antworten auf diese Fragen, bietet klare Handlungsempfehlungen für HR Verantwortliche sowie Verlage und zeigt, wie beide Seiten in Zukunft voneinander profitieren können. Das Buch wurde mit Unterstützung von GPT geschrieben und ins Deutsche übersetzt. Es entstand im Rahmen eines Universitätsseminars an der Johannes Gutenberg Universität Mainz und der Edinburgh Napier University.

Child as Citizen Giuliana Fenech, 2025-08-15 Contributions by Daniela Brockdorff, Nina Christensen, Jill Coste, Katrin Dautel, Justyna Deszcz, Tryhubczak, Giuliana Fenech, Naomi Hamer, Irena Barbara Kalla, Anne Klomberg, Sonali Kulkarni, Elizabeth Leach, Leung Ann Marie Murnaghan, Emily Murphy, Emilie Owens, Nicola Parker, Patrycja Poniatowska, Meg Rosoff and Farriba Schulz. *Child as Citizen: Agency and Activism in Children's Literature and Culture* addresses children's and young adult agency and activism across literature and culture, demonstrating how these forces influence child citizenship. Contributors to this volume highlight the agentic voices and activist practices that are growing across all spheres of young people's lives as well as the challenges to active citizenship that children growing up in unjust sociopolitical contexts face. The volume is interdisciplinary and draws on the sociology of childhood, children's literature studies, youth culture studies, media technology and cultural studies, and Anthropocene, ecofeminist and disability studies. Agency occurs in and around literature and storytelling, and this collection establishes how it is always influenced by identity as well as geopolitics, how it is both subjective and collective, how it is cultural and embodied, and how, like citizenship, it is not a static status but rather an ongoing negotiation. In this collection, contributors invite readers to consider agency as a system of relations between children themselves, between children and adults, children and institutions, and children and nation-states as well as between

children and the nonhuman This book reviews the interconnectedness between these relationships and attempts to untangle some of the complications that emerge Horror Genre Trends Ethan Parker, AI, 2025-02-19 Horror Genre Trends provides an in depth data driven analysis of the horror genre examining its market performance publishing trends and dedicated reader demographics This book moves beyond subjective opinions providing concrete insights into why horror maintains its grip on audiences Discover some surprising facts such as how horror publishing adapts to reflect evolving cultural anxieties and the significant role of savvy marketing strategies in the genre s continued success The book traces the historical roots of horror in literature and film showing how societal fears have shaped its evolution It then presents a core data analysis of publishing outputs sales figures and reader demographics Finally Horror Genre Trends dissects the thematic development of popular horror subgenres and their reflection of cultural anxieties This approach makes the book a valuable resource for industry professionals and academics *The Digital Future of English* Simone Murray, 2025-07-18 More than any other academic discipline literary studies is the creation of print culture How then can it thrive in the digital era Early 1990s predictions of the book s imminent demise presented a simplistic either or choice between the legacy of moribund print and triumphalist digital technology Yet we have grown to experience the two media as complexly interdependent and even complementary Clearly digital does not kill print But literary studies in the digital era cannot simply resume business as usual It is urgently necessary to reconsider the discipline s founding assumptions in light of digital technology The digital era prompts a rethinking of literary studies object of study as well as its methods theories audiences and pedagogical practices What counts as literature necessarily shifts in an age of proliferating born digital texts and do it yourself DIY online publication Where should literary studies sit institutionally and how might it graft contextually oriented social sciences methods onto its traditionally humanistic mode of textual analysis Why should literary study continue to marginalize emotional responses to texts when online communities bond via readerly affect Who is the audience for literary criticism in an age where expertise is routinely challenged yet communication with global book loving publics has never been technologically easier Finally how can we utilize digital tools to rejuvenate literary studies pedagogy and help English staff better connect with millennial age students Literary studies has been convulsed for decades by debates over electronic literature and more recently digitally aided distant reading But these discussions still mostly confine themselves to demarcating our proper object of study We need to think more expansively about digital technology s impact on the underpinning tenets of the discipline Literary Media Studies is pitched at fellow literary scholars book historians media theorists cultural sociologists digital humanists and those working at the interface of these converging disciplines It models constructive engagement with contemporary digital culture Most importantly it brings a burst of sorely needed optimism to the question of literary studies digital future **Advances in Digital Marketing and eCommerce** Francisco J. La distancia geográfica entre sus lugares de origen o las diferencias lingüísticas que las separan son respuestas demasiado evidentes para negar la posibilidad de establecer ese puente entre Oriente y Occidente que se propone en esta obra. Los *atravesados* according to Anzaldúa are the squint-eyed the perverse the queer the troublesome the mongrel the mulatto the half-breed the half-dead in short those who cross over pass over or through the confines of the normal. Los *atravesados* reside in the borderlands space of *ni de aquí ni de allá* neither here nor there present yet liminal their queerness the very source of both frustration and empowerment a paradox of joy and tragedy. Although written in 1987 Anzaldúa's theory speaks to the realities of queer Latinx teens that fill the pages of YA literature well into the twenty-first century. Characters such as Juliet from Gabby Rivera's *Juliet Takes a Breath* Aaron from Adam Silvera's *More Happy Than Not* or the titular Chulito from Charles Rice Gonzales's novel encompass the highs lows and everything in betweenness of queer Latinx teen lived experiences. This collection tells their stories. Contributors speak to the spectrum of queer youth Latinidades as they materialize in YA

literature paying close attention to representation and the ways youth are portrayed whether accurate or stereotypical Close attention is paid to books that succeed in broadening the field of YA highlighting authors that draw from their own lived experiences and situate strong fully developed characters Taken together these essays move beyond the page explaining to readers why representation and authenticity matter in YA literature as well as the far reaching effects they can have for real world queer Latinx teens
