Student Debt and Political Participation Sylvia Nissen, 2018-10-04 This book examines how student debt informs the political action and participation of university students The scale of student debt is unprecedented particularly in the English speaking world In these democracies debt has become an increasingly integral part of student life for many young people to enable participation in education and the wider economy Using New Zealand as a case study the author challenges existent assumptions about student attitudes towards loans by analysing how students speak about the impact of debt on themselves and their peers including politically Listening to these perspectives will provide a more nuanced insight into the underlying tensions and challenges of participating politically in a context of rising debt

Bootstraps Need Boots Hugh Segal, 2019-11-01 For more than four decades Hugh Segal has been one of the leading voices of progressive conservatism in Canada A self described Red Tory warrior who disdains bootstrap approaches to poverty he has worked tirelessly to bring about policies that support the most economically vulnerable in society Central to his life s work has been the championing of a basic annual income for all Canadians Why would a life long Tory support something so radical In this revealing memoir Segal shares how his life and experiences brought him to this most unlikely of places He traces a trajectory from his childhood in a poor immigrant family in working class Montreal to his time as a chief of staff for Prime Minister Mulroney and to his more recent work as an advisor on a basic income for the Ontario Liberal government Along the way he has worked across party lines to promote an anti poverty agenda This book is a passionate argument not only for why a basic annual income makes economic sense but for why it is the right thing to do

[Social Problems](#) Anna Leon-Guerrero, 2024-12-16 In Social Problems Community Policy and Social Action Anna Leon Guerrero provides a thorough exploration of the social problems that permeate our world today The book is designed around three key connections the link between sociology and the study of social problems the relationship between social problems and their solutions and the personal connection readers can make in recognizing and addressing social problems in their own communities Each chapter focuses on a specific social problem examining its roots in social inequality and its manifestations

in various social policies and programs The Eighth Edition is enriched with personal stories of ordinary individuals who have accomplished extraordinary feats in their communities providing readers with inspiration and guidance on how they too can make a difference

Social Marketing Gerard Hastings,Christine Domegan,2013-10-08 Social Marketing involves the application of marketing techniques usually associated with promoting consumption to social ends Beyond this simple definition social marketing offers an alternative to the standard Western economic model of consumption at all costs This popular introductory textbook has been updated to provide greater depth on marketing theory more on branding co creation of value Community Based Prevention Marketing CBPM and the vital role of critical thinking In addition the communications chapter is extended and radically updated to include much more on digital media The rise of corporate social responsibility is also critically analysed The subject of social marketing is brought to life with the integration of case studies from across the world to provide a textbook which is required reading for students at advanced undergraduate and postgraduate levels

Making College Pay Beth

Akers,2021-05-18 A leading economist makes the case that college is still a smart investment and reveals how to increase the odds of your degree paying off Full of easy to understand advice grounded in deep expertise and research Martin West William Henry Bloomberg Professor of Education Harvard University The cost of college makes for frightening headlines The outstanding balance of student loans is more than 1.5 trillion nationally while tuitions continue to rise And on the heels of a pandemic that nearly dismantled the traditional college experience we have to wonder Is college really worth it From a

financial perspective says economist Beth Akers the answer is yes It s true that college is expensive but once we see higher education for what it is an investment in future opportunities job security and earnings a different picture emerges The average college graduate earns an additionalmillion dollars over their career compared to those who stopped their education after high school and on average two and four year schools deliver a 15 percent return on investment double that of the stock market Yet these outcomes are not guaranteed Rather they hinge upon where and how you opt to invest your tuition dollars Simply put the real problem with college isn t the cost it s the risk that your investment might not pay off In Making College Pay Akers shows how to improve your odds by making smart choices about where to enroll what to study and how to pay for it You ll learn why choosing the right major can matter more than where you enroll the best criteria for picking a school hint not price selectivity or ranking why working part time while enrolled might set you back financially why it s often best to borrow even if you don t have to the pros and cons of innovative alternatives to traditional college how to take advantage of new low risk financing tools Full of practical advice for students and parents Making College Pay reminds us that higher education remains an engine for opportunity upward mobility and prosperity [United States Code](#) Congress,2008-12
