The Sunday List of Dreams Kris Radish,2007-01-23 Connie Nixon is no stranger to making lists In fact she has rewritten the list of her deepest desires no fewer than forty eight times And each Sunday for as long as she can remember she s tinkered with it But actually doing something about her desires is a different story until the night she comes across a box belonging to her estranged daughter and makes a stunning discovery It turns out that her seemingly straitlaced Jessica is part owner of one of the most successful sex toy shops in America Shocked by her daughter s secret life Connie tucks her list in her back pocket and does something utterly impulsive she hops on a plane to New York City to track down Jessica and winds up on the wildest adventure of her life Because with her daughter s help Connie s about to let her own inner bombshell see the light of day Now for the first time ever things are flying off Connie s list Like reconnecting with her daughter And getting tipsy before noon And the most startlingly extraordinary desire of all falling in love **American Horror Film**

Steffen Hantke,2010-09-30 Creatively spent and politically irrelevant the American horror film is a mere ghost of its former self or so goes the old saw from fans and scholars alike Taking on this undeserved reputation the contributors to this collection provide a comprehensive look at a decade of cinematic production covering a wide variety of material from the last ten years with a clear critical eye Individual essays profile the work of up and coming director Alexandre Aja and reassess William Malone s much maligned FearDotCom in the light of the torture debate at the end of President George W Bush s administration Other essays look at the economic social and formal aspects of the genre the globalization of the US film industry the alleged escalation of cinematic violence and the massive commercial popularity of the remake Some essays examine specific subgenres from the teenage horror flick to the serial killer film and the spiritual horror film as well as the continuing relevance of classic directors such as George A Romero David Cronenberg John Landis and Stuart Gordon Essays deliberate on the marketing of nostalgia and its concomitant aesthetic and on the curiously schizophrenic perspective of fans who happen to be scholars as well Taken together the contributors to this collection make a compelling case that American horror cinema is as vital creative and thought provoking as it ever was *The Grandparent Bucket List* Lizzie

New Medicalism and the Mental Health Act John Fanning,2018-08-09 Ten years have passed since the Mental Health Act MHA 2007 came into force in England An amending statute the Act reformed the MHA 1983 and reshaped the law governing the compulsory care and treatment of people suffering from mental disorders Primarily driven by concerns about risk it sought to remove legalistic obstacles to civil commitment and extend the law s coercive reach into the community At the time of its introduction the 2007 Act was written off as a retrograde step and a missed opportunity for radical rights focused reform Despite this little attention has been paid to its impact in the years since Published to coincide with the tenth anniversary of the 2007 Act this book offers a timely evaluation of mental health law and policy in England It argues that the current MHA defies easy categorisation within any of the descriptive models which have customarily narrated the mechanics of civil commitment
