Netflix Romantasy Books Today:

After Daniel: Redemption Romance Book 1 Ivy Winters, 2025-08-14 Because sometimes the second chapter is the one worth living for I thought my story ended the day Daniel died The world didn't just lose its color it lost its meaning Every sunrise felt like a mistake every breath an obligation Then I met him Mack is nothing like the man I loved He's rough edges and sharp lines all muscle and mischief with a past that should warn me away But there's something in his eyes something raw and unspoken that calls to the pieces of me I thought were gone for good He doesn't try to fix me He doesn't tell me to move on He just stands there solid and stubborn until I start to believe maybe I could let go of the past But loving again after loss isn't simple The grief is still there waiting for the dark days And Mack has his own ghosts ones that could rip us apart before we even begin If I give my heart to him am I honoring what I lost or risking everything I have left Trigger Warnings Miscarriage happens off page in the past Loss of a loved one Grief panic anxiety Hospital scenes References to domestic abuse nothing on the page

Cultural Citizenship and Popular Culture Joke Hermes, 2023-09-27 Written in an accessible and engaging style this book uses a series of case studies to show how popular media are important to us as a source of pleasure and entertainment but also in communicating about the world with others Social media platforms have changed how we talk about what we like and dislike in our popular media use Cultural citizenship shows how these discussions speak to belonging to what we feel our rights and responsibilities are in today's polarized world Cultural Citizenship and Popular Culture is based on audience led research and does not privilege textual analysis as a starting point for taking popular media use's measure Instead it offers research tools to listen to others This book offers scholars and students of media and creative industries a means to understand their professional position as one in which they engage with rather than assume to know what users of popular cultural texts and products think and feel
