Reddit Near Me Returns:

You Should Quit Reddit Jacob Desforges, 2023-02-21 In recent years countless books articles and documentaries have addressed the negative effects that social media platforms have wrought on their users and society However these former works are incomplete nearly no attention has been paid to Reddit one of the most popular websites in the world Reddit is certainly unique among social platforms but its potential for addiction and darker side of nefarious activity should absolutely not be understated Additionally nearly no actionable advice has been provided to users of these platforms The audience is told that these websites and apps are harming their mental health wasting their time and that they are addictive which would logically make the task of quitting rather difficult but then provided zero guidance on how to disconnect from them Over 200 000 users gather on Reddit's r/NoSurf community to discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple You Should Quit Reddit is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit's flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner

Schneider, 2023-01-17

[Charts the long history of resentment from its emergence to its establishment as the word of the moment](#) The term resentment often casually paired with words like hatred rage and fear has dominated US news analysis since November 2016 Despite its increased use this word seems to defy easy categorization Does resentment describe many interlocking sentiments or is it just another way of saying anger Does it suggest an irrational grievance as opposed to a legitimate callout of injustice Does it imply political leanings or is it nonpartisan by nature In *The Return of Resentment* Robert A. Schneider explores these questions and more moving from eighteenth century Britain to the aftermath of the French Revolution to social movements throughout the twentieth century Drawing on a wide range of writers thinkers and historical experiences Schneider illustrates how resentment has morphed across time coming to express a collective sentiment felt by people and movements across the political spectrum In this history we discover resentment's modernity and its ambiguity how it can be used to dismiss legitimate critique and explain away violence but also convey a moral stance that demands recognition Schneider anatomizes the many ways resentment has been used to label present day movements from followers of Trump and supporters of Brexit to radical Islamicists and proponents of identity politics Addressing our contemporary political situation in a novel way *The Return of Resentment* challenges us to think critically about the roles different emotions play in politics **Intoxicated** Mel Y. Chen, 2023-11-28 In *Intoxicated* Mel Y. Chen explores the ongoing imperial relationship between race sexuality and disability They focus on nineteenth century biopolitical archives in England and Australia to show how mutual entanglements of race and disability take form through toxicity Examining English scientist John Langdon Down's characterization of white intellectual disability as Asian interiority and Queensland's racialization and targeting of Aboriginal peoples through its ostensible concern with black opium Chen explores how the colonial administration of race and disability gives rise to intoxicated subjects often shadowed by slowness Chen charts the ongoing reverberations of these chemical entanglements in art and contemporary moments of political and economic conflict or agitation Although intoxicated subjects may be affected by ongoing pollution or discredited as agents of failure Chen affirmatively identifies queer crip forms of unlearning and worldmaking under imperialism Exemplifying an undisciplined thinking that resists linear
