I'm fascinated by soap advertising and its claims and by the history of the daily process of cleaning ourselves, our homes and our clothing. All of that says a lot about where we've been and maybe something about where we're going. I'm glad now to offer all this in the more enduring form of an almanac, something to keep in your collection of soapmaking references. Before we start though, here are just a few practical notes. Most important, this is not a beginning soapmaker's how-to book. It contains many recipes, but they're mostly just ingredients lists because I assume you already know how to make soap. If you do need basic directions, please see one or more of my other books, especially *Smart Soapmaking* and *Milk Soapmaking*, or any other reputable resource.
