Every School a Great School David Hopkins,2007-02-16 Every school a great school is not just a slogan but an aspiration for the next stage of education reform in which each student has the opportunity to reach their full potential The book argues that for every school a great school to become a reality requires a move from individual school improvement efforts and short term objectives to a sustainable system wide response that seeks to re establish a balance between national prescription and schools leading reform Achieving this goal requires strategies that not only continue to raise standards but also build capacity within the system David Hopkins identifies four key educational drivers that if pursued have the potential to deliver every school a great school Personalized learning Professionalized teaching Networking and innovation Intelligent
