Predictive Analytics for the Modern Enterprise Nooruddin Abbas Ali, 2024-05-20 The surging predictive analytics market is expected to grow from 10.5 billion today to 28 billion by 2026. With the rise in automation across industries, the increase in data-driven decision making and the proliferation of IoT devices, predictive analytics has become an operational necessity in today's forward-thinking companies. If you're a data professional, you need to be aligned with your company's business activities more than ever before. This practical book provides the background, tools, and best practices necessary to help you design, implement, and operationalize predictive analytics on premises or in the cloud. Explore ways that predictive analytics can provide direct input back to your business. Understand mathematical tools commonly used in predictive analytics. Learn the development frameworks used in predictive analytics applications. Appreciate the role of predictive analytics in the machine learning process. Examine industry implementations of predictive analytics. Build, train, and retrain predictive models using Python and TensorFlow.

Superconsumers Eddie Yoon, 2016-11-29 Not your average consumer. Pork dorks. Craftsters. American Girl fans. Despite their different tastes, these eclectic diehards have a lot in common: they're obsessed about a specific brand, product, or category. They pursue their passions with fervor, and they're extremely knowledgeable about the things they love. They aren't average consumers; they're superconsumers. Although small in number, superconsumers can have an outsized impact on a company's bottom line. Representing 10% of total consumers, they can drive between 30% to 70% of sales, and they're usually willing to spend considerably more than the average consumer. And because they're so engaged and passionate, they can offer invaluable advice to managers looking to improve their products, change their business models, energize their cultures, and attract new customers. In *Superconsumers*, growth strategy expert Eddie Yoon lays out a simple but extremely effective framework that has helped companies of all types and sizes achieve more sustainable growth. He'll show you how to find, listen to, and engage with your most passionate and profitable consumers, and then tailor your decisions to meet their wants and needs. Along the way, he'll let you into the minds and homes of superconsumers of all kinds, revealing what makes them tick and why they're willing to spend so much more than other consumers. Rich with data and case studies of companies that have implemented superconsumer strategies with great success, *Superconsumers* is a fun, practical, and inspiring guide for anyone interested in making their best customers even better.

Rules to Break and Laws to Follow Don Peppers, Martha Rogers, 2012-03-01 Praise for *Rules to Break, Laws to Follow*: How Your Business Can Beat the Crisis of Short-Termism. A fascinating, highly readable synthesis of business principles, technology, sociology, and common sense, *Rules to Break and Laws to Follow* persuasively shows the connection between customer trust and business profits, and then explains how to make it happen. As a bonus, you'll learn how to make your company more innovative, how to ensure your employees actually enjoy what they're doing, and how to deal with the kinds of service and quality breakdowns that occasionally plague any company, even a well-managed one. This book should be

on your required reading list Stephen M R Covey bestselling author of The Speed of Trust The One Thing That Changes Everything Over the years Peppers and Rogers have given me valuable advice about navigating the changing business landscape This book is a must read for managers who want to empower their employees and customers to make change their ally Jim McCann founder and CEO of 1 800 FLOWERS COM Highly readable and entertaining Make sure everybody in your firm reads this book by last Friday Dror Pockard CEO of eglue In a time when most companies are built to flip Peppers and Rogers have planted a stake in the ground to help you survive past the next round of financing or consumer fad Knowing what rules to break is arguably even more important than what laws to follow and this book imparts knowledge for both Guy Kawasaki cofounder of TrueMors and author of The Art of the Start Peppers and Rogers have created the unthinkable an enjoyable wake up call Their book serves up one compelling and provocative idea after another and the authors enjoy debunking some of our most deeply ingrained business beliefs Read this book and your customers will thank you Dan Heath coauthor of Made to Stick Why Some Ideas Survive and Others Die *Digital Marketing* Dave Chaffey, Fiona Ellis-Chadwick, 2019-02-05 Now in its seventh edition Digital Marketing provides comprehensive practical guidance on how companies can get the most out of digital media and technology to meet their marketing goals Video Magazine, 1998
