One Day Vbs Curriculum:

The Best VBS Workbook Ever! Lisa Brown, 2017 Enables organizers to envision and implement a VBS program customized for the local church Practical comprehensive from the ground up approach to VBS Designing a Vacation Bible School program as opposed to choosing one of the many off the shelf packages is a labor of love It considers the unique perspective of children and invests accordingly It s a home cooked meal compared to fast food It sends a message to parents that a church values children enough to identify and meet their specific needs in their community at a particular moment in time Well designed VBS programs speak to children with respect love and patience offering opportunity for authentic spiritual growth not to mention an intentional theology that is reflective of the church Finally custom designed VBS programs are a way to fully include children in the mission and ministry of the church rather than confine their unique gifts This book provides Christian educators with the tools they need to assess the needs and resources in their congregation and to craft a creative program in response to that assessment The Best VBS Workbook Ever offers direction and suggestions on theme structure logistics program activities staffing and promotion Audience Episcopal and other mainline churches looking for something more original and thoughtful than typical pre packaged VBS programs Directors of Christian Education Directors of Children s Ministry Camps and Retreat Centers FORMA Kanuga Christian Education conference eFormation network

Celebrating The 12 Days of Christmas Chris Marchand, 2019-10-10 The song The 12 Days of Christmas is a mainstay of the holiday season but the practice of celebrating Christmas as a twelve day festival fell out of fashion long ago in most cultures In *Celebrating the 12 Days of Christmas* author Chris Marchand explores the history behind the season and individual feast days from December 25 to January 6 and then offers suggestions for how you can celebrate it with your family church or community Along with this he provides answers to many of the nagging questions surrounding the holiday such as the history behind the twelve days song why December 25 was chosen as the date and what to do about its supposedly pagan origins The challenge before us is to first help people see Christmas as a holiday that begins rather than ends on December 25 and then to together figure out how to reinvent Christmas in the present by learning how it was celebrated in the past

Paul D. Borden, 2011-12-01 Learn the Big Picture approach that will aim your congregation at the mission field in your back yard or around the world Many churches want to make the transition from an inward to an outward focus from catering to the needs of members to reaching out into the world to make disciples of Jesus Christ Too often they try to accomplish this radical change by taking half steps and partial measures initiating a new program here or adding a new staff members there Yet this kind of change requires more To succeed in changing its core focus this way a congregation must learn strategic thinking it must commit itself to seeing the big picture and to taking the steps necessary to paint that picture afresh Everyone including pastors lay leaders key teams and groups and the congregation as a whole must be involved in a process of transformation Paul D Borden author of Hit the Bullseye and Direct Hit knows that this transformation will not be easy But if the target is bringing more people into saving relationship with Jesus Christ what could be more worthwhile **The Episcopalian** , 1972 The Micah Paradigm Kelly Demo, Barbara McCall, 2022-09-27 Do you believe in a child s ability to make a difference in their community Do you see youth as agents of change in the world We do too Micah 6 8 urges us to do justice love mercy and

order not to miss out on the wonderment of God's interventions **Little Theologians** David M. Csinos, 2020-11-18

Children don't just learn theology. They actively create it playing with ideas and drawing together aspects of their own lives to form theological understanding. In *Little Theologians* David Csinos offers a groundbreaking exploration of how cultural contexts intersect with the theological meaning making of children. The qualitative research that Csinos undertook opened windows onto the religious and spiritual lives of children within four culturally distinct congregations of the United Church of Canada. He began by inviting the children to draw pictures of God and encouraging them to describe what they had drawn. Their answers led to revealing exchanges about who God is, how children understand spiritual experiences, what it means to believe, and what it means that people may believe differently. This innovative study offers an in-depth look at each congregation and how children make theological meaning in ways that reflect the broader culture around them as well as ways that are all their own. By illuminating the diverse theological understanding of children, Csinos highlights characteristics that are shared among children and those that are unique to each child. Providing a radical twist of perspective, *Little Theologians* looks to the theological insights and experiences of children to provide a lens for critiquing broader discourses surrounding cultural diversity and spirituality.

Negotiating Work, Family, and Identity among Long-Haul Christian Truck Drivers Rebecca L. Upton, 2016-08-12

This book draws upon ethnographic and qualitative research in the United States to demonstrate the means through which long haul truck drivers navigate work and family tensions in ways that resonate across categories of race, class, gender, and religion. It examines how Christianity and constructions of masculinity are significant in the lives of long haul drivers and how truckers work to construct narratives of their lives as good moral individuals in contrast to competing cultural narratives which suggest images of romantic rule-free renegade lives on the open road. Based upon ethnographic fieldwork, interviews, observations of long haul truckers, and participation in a CDL school, this rich ethnography highlights how Christian trucking opportunities provide avenues through which balance is struck between work and family, masculinity, and other identities. Embedded in larger social discourse about the meaning of masculinity and similar to evangelical perspectives such as those of the Promise Keepers, Christian truckers often draw upon

older ideas about responsible breadwinning fatherhood in their discourse about being good fathers while on the road. This discourse is in some conflict with the lived experiences of Christian truckers who simultaneously find themselves confronted by more contemporary cultural narratives of the work-family balance and expectations of what it means to be a good worker or a good trucker. The book offers new insight in the field of work and family studies and an extremely relevant voice in the broader contemporary discourse in the United States on the meaning of fatherhood and religion in the 21st century.
