techniques and focus to object to opponents and presents a radical and systematic critique of the work of mainstream thinkers including Kant Rawls Husserl Habermas and others The ramifications for the legitimation of modernity are thoroughly explored in conjunction with an analysis of the fate of theory practice and art in the modern world This book offers an invaluable resource for students of both analytic and continental philosophical traditions and related areas of law social theory and aesthetics

In a Moment's Time Dave Borland, 2012-11 Chance the key word that describes much of what happens to Hugh Sloan in a week that changes his life forever His doctor discovers a black spot at the base of his brain during an annual physical and diagnoses a brain tumor in a very difficult location As he walks about his hometown of Pittsburgh thinking about how he may have to plan his life in months rather than years he meets by chance Peggy Burns a woman who has a profound affect on him at this crucial time Later he seeks solace in his favorite sanctuary Heinz Chapel where a minister the Reverend Kenneth Strong introduces himself and appears to take a keen interest in Hugh's spiritual needs because of his medical crisis The most dramatic chance occurrence is when Hugh discovers a letter disclosing a secret hidden for thirty years related to his brother's death The letter exposes the real reason behind Reverend Strong's intense interest in him As Hugh anxiously awaits a definitive biopsy he struggles with confronting the Reverend with his discovery Whatever he decides will impact both men forever

The Legend of Wyatt Outlaw Sylvester Allen Jr., Belle Boggs, 2025-10-29 Wyatt Outlaw's story was one of Black success He was a Union League leader business owner and the first Black town constable and commissioner in Graham a small town located in North Carolina's Alamance County But in 1870 Outlaw was murdered by the Ku Klux Klan setting off a dramatic series of events more lynchings a Republican led war against the Klan and a white supremacist crackdown on Black political power that continues today As a child Black activist musician and Graham native Sylvester Allen frequently passed the site where Outlaw was killed without ever learning his name Belle Boggs white and also from the South taught high school in Alamance County without knowing Outlaw's importance Allen and Boggs both sought to discover why Outlaw had been erased from mainstream history books In *The Legend of Wyatt Outlaw* they share what they found in artful detail and connect Outlaw's story to the violence against Black people in Alamance and throughout the United States from Reconstruction through Jim Crow the civil rights era and Black Lives Matter Drawing on archival research interviews and their own personal stories Allen and Boggs join the conversation begun by historian Peniel Joseph and activist William Barber II about a third Reconstruction in America but they also offer ways to move forward for any community struggling with a history of racism

Hegel: Faith and Knowledge G.W.F. Hegel, 1988-03-04 As the title indicates *Faith and Knowledge* deals with the relation between religious faith and cognitive beliefs between the truth of religion and the truths of philosophy and science Hegel is guided by his understanding of the historical situation the individual alienated from God nature and community and he is influenced by the new philosophy of Schelling the Spinozistic Philosophy of Identity with its superb vision of the inner unity of God nature and rational man

Through a brilliant discussion of the philosophies of Kant Fichte and other luminaries of the period Hegel shows that the time has finally come to give philosophy the authentic shape it has always been trying to reach a shape in which philosophy's old conflicts with religion on the one hand and with the sciences on the other are suspended once for all This is the first English translation of this important essay Professor H S Harris offers a historical and analytic commentary to the text and Professor Cerf offers an introduction to the general reader which focuses on the concept of intellectual intuition and on the difference between authentic and inauthentic philosophy
