Die Poetik des deutschsprachigen Rap Fabian Wolbring, 2015 English summary This dissertation provides the first comprehensive description of German Rap as a form of poetry It features the widest research overview yet critically outlining all the main academic trends in dealing with rap The main part of the book includes two different approaches First the Rapschaffen is determined as poesis and thus as a literary practice To this end the common authorship model is explained which combines the adoration of standardized poetic craftsmanship with an implicit promise of authenticity Rapschaffen is then described as an aesthetic activity with oral and literal shares Secondly main characteristics of the genre are pointed out regarding media formal and contentual aspects as well as their interaction It shows that rap is particularly applicable to stage the speaker as cool and confident Finally the social importance of rap in Germany is recapitulated on pleading for a more conscious perception of the literary practice as a cognitively demanding activity In this sense the approach sets an example for how methods of literary analysis can be used for cultural diagnosis German description Rap ist die wohl populärste und einflussreichste Lyrikform der Gegenwart Gerade unter jungen Männern ist das Schreiben und Deklamieren von Rap Texten inzwischen eine der beliebtesten Freizeitbeschäftigungen überhaupt Dabei orientieren sie sich in der Konzeption wie auch im Vortragsstil an textsortenspezifischen Regeln und Prinzipien Fabian Wolbring erschliesst diese nun am Beispiel des deutschsprachigen Rap erstmalig und untersucht sie auf ihre ästhetischen Potenziale hin Es zeigt sich dass die Gestaltungsprinzipien in Reim und Rhythmusbindung Stimmnutzung Themenwahl und Sprechverhalten wie auch das gängige Autorschaftsmodell besonders dazu geeignet sind den Sprecher als souverän autonom und überlegen zu inszenieren Die literaturwissenschaftliche Analyse gewinnt dabei kulturdiagnostisches Potenzial

Donna-Claire Chesman, 2021-10-26 An album by album celebration of the life and music of Mac Miller through oral histories intimate reflections and critical examinations of his enduring work One of my most vivid memories of him is the way he would look at you while he was playing you a song He tried to look you right in the eyes to see how you were feeling about it Will Kalson friend and first manager Following Mac Miller's tragic passing in 2018 Donna Claire Chesman dedicated a year to chronicling his work through the unique lens of her relationship to the music and Mac's singular relationship to his fans Like many who'd been following him since he'd started releasing mixtapes at eighteen years old she felt as if she'd come of age alongside the rapidly evolving artist with his music being crucial to her personal development I want people to remember his humanity as they're listening to the music to realize how much bravery and courage it takes to be that honest be that self-aware and be that real about things going on internally He let us witness that entire journey He never hid that Kehlani friend and musician The project evolved to include intimate interviews with many of Mac's closest friends and collaborators from his Most Dope Family in Pittsburgh to the producers and musicians who assisted him in making his everlasting music including Big Jerm Rex Arrow Wiz Khalifa Benjy Grinberg Just Blaze Josh Berg Syd Thundercat and more These voices along with the author's commentary provide a vivid and poignant portrait of this astonishing artist one who had just released a series of increasingly complex albums demonstrating what a musical force he was and how heartbreaking it was to lose him As I'm reading the lyrics it's crazy It's him telling us that he hopes we can always respect him I feel like this is a message from him spiritually A lot of the time his music was like little letters and messages to his friends family and people he loved to remind them of who he really was Quentin Cuff best friend and tour manager
