curious ways better than anybody In fact we shared our pocket money which is always a great sign of friendship and it was understood that if ever I got into trouble when I grew up and was accused of murder or forgery or anything like that which does often happen to the most innocent people Peters would give up anything he might be doing at the time and devote his entire life to proving me not guilty I remember well the day he came I was in the big school room at the fire roasting chestnuts and talking to Gideon and Shortland and Fowle were also there The Doctor came in with a new boy and said Ah There are some of the fellows by the fire Peters Then he called out to Shortland and me and said Shortland and Maydew this is Peters Make him welcome and if there are chestnuts going as I suspect share them with him Then the Doctor went off to have some final jaw with the mother of Peters and Peters came down the room and said Good evening in a very civil and quiet tone of voice He was thin and dark and when he warmed his hands at the fire it was easy to see the light through them He also had a pin in his tie in the shape of a human skull about as big as a filbert nut with imitation ruby eyes We asked him who he was and he said he came from Surrey and that his father had been a soldier but was unfortunately dead His name was Vincent Peters Then Shortland who is a silly beast and a bully and only in the lower fifth though quite old and in fact his voice has broken down asked Peters the footling question he always asks every new boy He said Would you rather be a greater fool than you look or look a greater fool than you are Of course whatever you answer you must be scored off But young Peters seemed to know it Anyway instead of answering the question he asked another He said Would you rather be uglier than you look or look uglier than you are Gideon was interested at this because it showed at once Peters must be a cool hand What are you going to be Gideon asked and then came out the startling fact that Peters hoped to be a detective of crime If you go detecting anything here you ll get your head punched said Shortland I may or I may not answered Peters But it s rather useful sometimes to have a chap in a school who has made a study of detecting things You can begin to night if you like I said because Johnson major s bat was found to have seven tin tacks hammered into it last week when he took it out of the case to give it a drop more oil and if you find out who did that I ve no doubt that Johnson major will be a good friend to you him being in the sixth and captain of the first at cricket I don t know enough about things yet answered Peters Besides you have to be sure of your ground In detecting you may make friends or you may not but you will make enemies to a dead certainty In fact that s the drawback to detecting Look at Sherlock Holmes That s only a yarn said Gideon But Peters wouldn t allow this He evidently felt very deeply about Sherlock Holmes He is founded on fact in fact founded on thousands of solemn facts said Peters The things he does are all founded on real crimes and if anybody is going to be a detective he can t do better than try to be like Sherlock Holmes in every possible way To be continue in this ebook

Not Much Just Chillin' Linda Perlstein,2003-09-04 A report from the front lines of the most formative and least understood years of children s lives Suddenly they go from striving for A s to barely passing or obsessing for hours over boyfriends they ve barely spoken to

Former chatterboxes answer in monosyllables free thinkers mimic their peers clothes not to mention their opinions Bodies and psyches morph under the most radical changes since infancy On the surface they re just chillin Underneath they re a stew of anxiety and ardor conformity and rebellion They are kids in the middle school years the age every adult remembers well enough to dread No one understands them not parents not teachers least of all themselves no one that is until Linda Perlstein spent a year immersed in the lives of suburban Maryland middle schoolers and emerged with this pathbreaking account The book traverses the school year following five representative kids and including the stories of many more as they study party IM each other and simply explain what they think and feel As Perlstein writes about what she saw and heard she explains what s really going on under the don t touch me facade of these critically formative years in which kids grapple with schoolwork puberty romance identity and new kinds of relationships with their parents and peers Not Much Just Chillin offers a trail map to the baffling no man s land between child and teen the time when children don t want to grow up and so badly do
