Safeguard Collection Piper J. Drake, 2018-04-16. Meet the men of Centurion Corporation, an elite group of mercenaries who will go to any extreme to complete a mission, even risk their hearts. The entire exhilarating Safeguard series by Piper J. Drake is available now. Hidden Impact: Military veteran turned mercenary Gabriel Diaz is a natural defender. He'll do anything to ensure a mission is successful. Anything but get emotionally invested; he learned the hard way that can be deadly. Easy bodyguard jobs in between the more challenging missions are all he's interested in now. Maylin Cheng is desperate and running out of time. Her younger sister has gone missing, but no one seems to take her concern seriously. Her last hope lies in asking an aloof bodyguard for help. He dismisses her outright, but all that changes when she is almost killed in a not-so-accidental hit-and-run right before his eyes. Deadly Testimony: Kyle Yeun didn't start out bad, and he doesn't intend to end his life while on the wrong side of the law, either. His testimony to his former employer's environmental misdeeds has earned him a protection detail, compliments of the US government. But due to a dark international conspiracy, Kyle was unaware of his former employers' plans to end his life as a top priority. Realizing he needs more protection than the US Marshals can provide, he turns to Safeguard after seeing the beautiful, deadly Lizzy Scott in action. One look at Kyle and sniper Lizzy Scott knows this isn't going to be an easy protection job. He's arrogant, irritating, and almost irresistible. Instead of being put off by her hardened attitude, Kyle seems to thrive off the challenge. And she's slowly giving in to his charms. Contracted Defense: Adam Hicks may be the rookie at Safeguard, but he's no novice in the field. Retired from active duty after multiple tours and back fresh from a brief rest in New Zealand, he's itching to return to action. But the challenge he hoped for arrives in an unexpected form: his sexy yet stern new partner. The last thing Victoria Ash wants is to work with the new guy, especially one as gorgeous as Adam. His relaxed attitude about their first easy assignment together, setting up a private home defense network for a reclusive client, doesn't impress her. Easy usually means trouble. She's proved right when Adam discovers that the multiple incursions on the physical and cyber security systems aren't just glitches. They're under attack, and there's a
