

The background of the entire cover is a grid of squares in various shades of blue, grey, and brown. Overlaid on this are two large, translucent silhouettes of human heads in profile, facing each other. The silhouette on the left is a lighter, greyish-blue color, while the one on the right is a darker, brownish-gold color. They overlap in the center, creating a darker, more complex texture.

One-Night Stand and Other Poems Arnold T. Schwab, 2014-05 I'm a big fan of Arnold Schwab's poems devilishly clever and revealing to say the least As a ninety year old myself who hangs on to his sexuality I give a cheer to another ninety year old who refuses to allow himself to be neutered by society's ageist prejudices and writes about his sexuality I can't praise enough these skilful entertaining poems that invite us to peer in through his bedroom window and there's plenty going on there Edward Field I love reading Arnold Schwab's poetry and you will too Witty bracing sexy elegant self deprecating but always honest his verse covers a full range of human experience with a kind eye and understanding heart As a craftsman in the art of poetry he's stingy with words choosing only the fittest Lucky reader see for yourself Leslie B Mittleman Emeritus Professor of English CSULB If A E Housman were alive in the past three decades he would have welcomed Arnold Schwab's keenly crafted and frank observations on life as an aging gay man Literate ironic humorous and at times poignant these poems are a welcome addition to the canon of 21st century poetry Readers of any sexual orientation will find something in them to cherish and relate to Clifton Snider While most writers are past their creative momentum in their eighties Arnold Schwab's pen does not run dry Well into his nineties he continues to write poems with news that stays news contemplating among other themes loves that might have been and recording underexplored frontiers of gay experience in old age Saturated with ever present irony and humor paired with self knowledge and expert skills Schwab's use of vocabulary rhyme and meter creates a generous legacy that contributes to our knowledge of the gay human condition from youth to advanced old age The range of themes in this collection is as impressive as the span of decades and the cultural changes it addresses James Benedict PhD One-night Stand & Other Poems Jack Spicer, Donald Allen, 1980 Poems **A Selected Prose** Robert Duncan, 1995-04-17 A Selected Prose represents the most wide ranging collection to date of Robert Duncan's essays and talks and is a companion volume to the Selected Poems 1993 **Robert Duncan** Robert Duncan, 2019-10-22 This volume in the Collected Writings of Robert Duncan series gathers a far reaching selection of Robert Duncan's prose writings including most of his longer and more well known essays along with other prose that has never been widely available Ranging in original publication dates between 1940 and 1985 the forty one titles reveal a great deal about Duncan's life in poetry including his impressions of poets whose work he admires both contemporaries and precursors Evocative and eclectic this work delineates the intellectual contexts and sources of Duncan's poetics and opens a window onto the literary communities in which he participated **Queer Lyrics** J. Vincent, 2016-09-23 Queer Lyrics fills a gap in queer studies the lyric as poetic genre has never been directly addressed by queer theory Vincent uses formal concerns difficulty and closure to discuss innovations specific to queer American poets He traces a genealogy based on these queer techniques from Whitman through Crane and Moore to Ashbery and Spicer Queer Lyrics considers the place of form in queer theory while opening new vistas on the poetry of these seminal figures **Narcissus Sous Rature** Jody Norton, 2000 In Narcissus Sous Rature Jody Norton

argues that Contemporary American poetry's characteristic problematic is the subject's contestation of his discursive condition. While self-comprehension is a central recurrent concern in post-literate poetry most poetries in English since the Enlightenment have conceived their lyric subjects in accordance with the foundational Western philosophical assumption of the rationality of being. However, after Freud, Heisenberg, Saussure, Derrida, and Lacan, conceptions of the lyric I as representative of a more or less permanent self-conscious and self-possessed personality inhabiting an ontologically dependable natural and historical world in a consistent way are no longer credible. The problems of how to conceptualize the psycho-linguistic structuration of the male putatively masculine subject and his relation to his cultural environment and of how to represent both the subject and his relations in a medium language that is complexly involved in the construction of both the subject and his representation and in a certain sense of the subject as representation emerge for Contemporary poets out of an historic moment particularly strongly marked by theoretical developments in extra-literary fields. Norton asserts that the lyric speaker in Contemporary American poetry cannot be understood unless the explicit and implicit dialogic relations between religious, philosophical, psychological, linguistic, aesthetic, critical, and poetic texts are made central to the interpretive project.

**King's Road to Pleasant Street (And Other Poems to Nowhere)** Jace Paul, 2020-03-07. In his second volume of poetry Jace Paul takes a retrospective look at the works of his early years. Roughly divided into two eras, the King's Road years of his childhood and the time spent in a Pleasant Street apartment during college, the poems are deeply confessional and richly textured with strong and often conflicting emotions. From the award-winning *Breakfast and The Serpent* to poignant set pieces like *Bill and L. Americain*, Paul consistently employs colorful, straightforward language to capture his subjects and experiences. Though poetry has lost much of its appeal and value in the twenty-first century, Paul charges it with new energy by making it more about stories than images, more compassionate than abstract.

[Encyclopedia of Homosexuality](#) Wayne R. Dynes, 2016-03-22. First published in 1990, *The Encyclopedia of Homosexuality* brings together a collection of outstanding articles that were at the time of this book's original publication, classic, pioneering, and recent. Together, the two volumes provide scholarship on male and female homosexuality and bisexuality and reaching beyond questions of physical sexuality, they examine the effects of homophilia and homophobia on literature, art, religion, science, law, philosophy, society, and history. Many of the writings were considered to be controversial and often contradictory at that time and refer to issues and difficulties that still exist today. This volume contains entries from M-Z.

[After Translation](#) Ignacio Infante, 2013-05-01. Translation from both a theoretical and a practical point of view, articulates differing but interconnected modes of circulation in the work of writers originally from different geographical areas of transatlantic encounter, such as Europe, Latin America, North America, and the Caribbean. *After Translation* examines from a transnational perspective the various ways in which translation facilitates the circulation of modern poetry and poetics across the Atlantic. It rethinks the theoretical paradigm of

Anglo American modernism based on the transnational interlingual and transhistorical features of the work of key modern poets writing on both sides of the Atlantic namely the Portuguese Fernando Pessoa the Chilean Vicente Huidobro the Spaniard Federico Garcia Lorca the San Francisco based poets Jack Spicer Robert Duncan and Robin Blaser the Barbadian Kamau Brathwaite and the Brazilian brothers Haroldo and Augusto de Campos **Radical Affections** Miriam Nichols,2010 In 1950 the poet Charles Olson published his influential essay Projective Verse in which he proposed a poetry of open field composition to replace traditional closed poetic forms with improvised forms that would reflect exactly the content of the poem The poets and poetry that have followed in the wake of the projectivist movement the Black Mountain group the New York School the San Francisco Renaissance and the Language poets have since been studied at length But more often than not they have been studied through the lens of continental theory with the effect that these high **Paratextual Communities** Susan Vanderborg,2001 Although interest in paratexts has been increasing Paratextual Communities is the first book length study of their role in contemporary American avant garde poetry Sixteen illustrations enhance this book

**BOOK JACKET The House That Jack Built (New Edition)** Jack Spicer,2025-09-09 The House That Jack Built collects for the first time the four historic talks given by controversial poet Jack Spicer just before his early death in 1965 These lively and provocative lectures function as a gloss to Spicer s own poetry a general discourse on poetics and a cautionary handbook for young poets This long awaited document of Spicer s unorthodox poetic vision what Robin Blaser has called the practice of outside is an authoritative edition of an underground classic Peter Gizzi s afterword elucidates some of the fundamental issues of Spicer s poetry and lectures including the concept of poetic dictation which Spicer renovates with vocabularies of popular culture radio Martians and baseball his use of the California landscape as a backdrop for his poems and his visual imagination in relation to the aesthetics of west coast funk assemblage This book delivers a firsthand account of the contrary and turbulent poetics that define Spicer s ongoing contribution to an international avant garde **Poetry FM** Lisa Hollenbach,2023-05-12 Poetry FM listens back to the experimental period of FM radio s development from the late 1940s to the 1980s to show how American poetry was shaped by and shaped in turn the emergence of a radio counterculture Like FM radio history the literary history of American poetry during this period is defined by waves of opposition to the literary and critical establishment by poets and movements who likewise stressed experimentalism alternative networks of distribution regionalism and community In this study Lisa Hollenbach focuses on two major radio stations Pacifica s KPFA in Berkeley and WBAI in New York to develop an institutionally grounded analysis of how poets involvement with FM radio contributed to postwar aural imaginaries While poetry programming on Pacifica Radio has always been capacious including poetry from the past as well as contemporary poetry poetry in translation and poetry by unpublished writers Hollenbach focuses on writers who played important roles at these stations and whose work embraces oral poetics and or radio and sonic tropes These especially include poets associated with the New American Poetry William Everson Kenneth Rexroth Jack Spicer Allen

Ginsberg Robert Duncan Paul Blackburn and Amiri Baraka among others who brought the oral poetics of the new poetry to Pacifica Radio's experiment in FM radio But in the 1960s and 1970s the racial gender and sexual politics of both the New American Poetry and the FM revolution came under increasing scrutiny and contestation During these years poets as different as Spicer Ginsberg Baraka and Audre Lorde responded to this terrain of struggle by creating in their poetry performances and radio work alternative aural imaginaries or figurative channels for the transmission of fugitive signals across time and place This is a book about how radio the once dominant mass media form became an underground medium for and key figure in American poetry in the 1950s 1960s and 1970s Never by Itself Alone David Grundy, 2024 Through its comprehensive history of post war queer writing in Boston and San Francisco from the 1940s through the 21st century Never By Itself Alone provides a new view of queer history Grundy intertwines analysis of lesbian gay and queer literature of the time centering voices which have not yet before been explored in existing criticism The book elevates the underrepresented work of writers of color and those with gender nonconforming identities underscores the link between activism and literature and insists upon the vital importance of radical accounts of race class and gender in any queer studies worthy of the name

*Beat Generation Writers* A. Robert Lee, 1996-01-20 Focuses on some of the most popular writers of the last forty years One of the few books to explore the role of women and gender in the Beat movement This Compost Jed Rasula, 2012-09-01 Poetry for Jed Rasula bears traces of our entanglement with our surroundings and these traces define a collective voice in modern poetry independent of the more specific influences and backgrounds of the poets themselves In This Compost Rasula surveys both the convictions asserted by American poets and the poetics they develop in their craft all with an eye toward an emerging ecological worldview Rasula begins by examining poets associated with Black Mountain College in the 1950s Charles Olson Robert Creeley and Robert Duncan and their successors But This Compost extends to include earlier poets like Robinson Jeffers Ezra Pound Louis Zukofsky Kenneth Rexroth and Muriel Rukeyser as well as Clayton Eshleman Gary Snyder Michael McClure and other contemporary poets Walt Whitman and Emily Dickinson also make appearances Rasula draws this diverse group of poets together uncovering how the past is a compost fertilizing the present He looks at the heritage of ancient lore and the legacy of modern history and colonial violence as factors contributing to ecological imperatives in modern poetry This Compost restores the dialogue between poetic language and the geophysical biological realm of nature that so much postmodern discourse has sought to silence It is a fully developed carefully argued book that deals with an underrepresented element in modern American culture where the natural world and those who write about it have been greatly neglected in contemporary literary history and theory Unending Design Joseph M. Conte, 2016-05-15 Drawing on the work of contemporary American poets from Ashbery to Zukofsky Joseph M Conte elaborates an innovative typology of postmodern poetic forms In Conte's view looking at recent poetry in terms of the complementary methods of seriality and proceduralism offers a rewarding alternative to the familiar analytic dichotomy of

open and closed forms      *The Fire* Robin Blaser, 2006-09-29 Spanning four decades of meditation on the avant garde in poetry art and philosophy the essays collected in *The Fire* reveal Robin Blaser's strikingly fresh perspective on New American poets deconstructive philosophies current events and the state of humanities now The essays gathered in one volume for the first time include commentaries on Jack Spicer Charles Olson Robert Duncan Mary Butts George Bowering Louis Dudek Christos Dikeakos and J S Bach Blaser emerged from the Berkeley Renaissance of the 1940s and 1950s having studied under legendary medieval scholar Ernst Kantorowicz and having been a major participant in the burgeoning literary scene His response to the cultural and political events of his time has been to construct a poetic voice that offers a singular perspective on a shareable world and to pose that voice alongside others as a source of countermemory and potential agency Conceived as conversations these essays brilliantly reflect that ethos as they re-read the cultural events of the past fifty years

The Postmoderns Donald Allen, George F. Butterick, 1982 This anthology includes many of the major poets to have emerged and gained pre-eminence since World War II and whose writing reflects not only the significant changes in this nation's postwar history and the coming to grips with a nuclear age but also an entirely new way of looking at and structuring reality United by their postmodernist concerns with spontaneity instantism formal and syntactic flexibility and the revelation of both the creator and the process through the writing itself these 38 poets represent very diverse strains of an essential American individualism Included are many of the poets whose work first gained widespread national attention with the 1960 publication of *The New American Poetry* Charles Olson Allen Ginsberg Paul Blackburn LeRoi Jones Amiri Baraka Denise Levertov Robert Duncan and others Among the poets included here for the first time are Anne Waldman Diane di Prima Ed Sanders Jerome Rothenberg and James Koller In addition to a new preface by Allen and Butterick the book provides autobiographical notes of all the poets and listings of their major works      **Beamish Boy** Albert Flynn

DeSilver, 2012-03-29 A NOTE REGARDING PRICE Proceeds from the sale of each book will be donated to Literacy Recovery and Mindfulness education programs I was raised in a clock tower with bats in the belfry So begins *Beamish Boy* the harrowing account of Albert Flynn DeSilver's inspirational journey from suicidal alcoholic to Poet Laureate and beyond Though growing up in material privilege in suburban Connecticut in the 1970's and 80's Albert finds himself whirling through an emotional wasteland void of love complicated by his mostly absent alcoholic mother while being raised by a violent Swiss German governess A dramatic downgrade in lifestyle right at adolescence inspires a hasty attraction to alcohol drugs and a series of increasingly shocking adventures Filled with a luminous cast of characters and told with searing honesty and ironic wit *Beamish Boy* is a redemptive story of survival and letting go as we follow Albert from one zany adventure and near death experience to the next He is run over by his best friend after blacking out in a driveway contracts malaria in east Africa and joins a psychedelic therapy cult until he miraculously finds himself through photography poetry and a hilarious awakening at a meditation retreat center realizing finally what it means to be fully alive and to truly love

Beamish Boy charts a compelling spiritual journey from violence and self annihilation to creativity and self realization Not your typical addiction memoir Beamish Boy reads more like a witty and poetic novel offering a profound window into the human condition complete with its tragedies and ecstasies illuminating one man s quest for lasting wisdom
