

CS-345 CD HI-FI MINI SYSTEM

Built-in Dock for Direct Digital Connection of iPod/iPhone®

In addition to handling CDs, the CS-345 features a top-loading dock for iPod/iPhone. This direct digital connection allows you to enjoy podcasts and music in a variety of audio formats (as the audio signals are transported in digital form, rather than analog, there is much less possibility of signal degradation). Tracks on your iPod/iPhone can be browsed, skipped and shuffled using the accompanying remote control.

Efficient Digital Amplifier Circuitry for Clean Audio Signals

The CS-345 employs digital amplifier circuitry to extract a noise-free signal from digital audio sources. Whether it's on a standard CD or on a compressed MP3 file stored on CD, your music will sound clearer than ever. Because digital amplifiers can convert power with very high levels of efficiency, much less energy is wasted as heat. With no need for a bulky heat sink, this amplifier design can be smaller and lighter. Hence, the CS-345 can provide room-filling power that belies its modest size.

Active Bass Control

As guest volume levels, human hearing becomes less sensitive to sounds at the upper and lower ends of the audible spectrum. To compensate for the perceived loss of bass sounds at lower volumes, the CS-345 incorporates Onkyo's proprietary Active Bass Control. This function maintains an optimal balance of low-frequency sounds by making automatic, real-time adjustments in line with the playback volume. Listeners are able to enjoy smooth and natural-sounding bass at any volume level.

Compact Yet Solid Two-Way Bass-Reflex Speakers

The CS-345 includes a pair of bass-reflex speakers incorporating a two-way design for clearer separation of highs and lows. Both cabinets feature a powerful 4" (10 cm) woofer and a top-mounted tweeter. The speakers are constructed from durable MDF (Medium Density Fiberboard), rather than regular fiberboard. This higher-quality material enhances sound quality and prevents the finish from rubbing back, cracking, or splitting.
