Fare Thee Well Joel Selvin, 2018-06-19 A tell all biography of the epic in fighting of the Grateful Dead in the years following band leader Jerry Garcia's death in 1995 The Grateful Dead rose to greatness under the inspired leadership of guitarist Jerry Garcia but the band very nearly died along with him after his sudden death in 1995 So long defined by Garcia's artistic vision the surviving Core Four were reduced to conflicting agendas strained relationships and catastrophic business decisions that would lead the iconic band into utter disarray for the next twenty years Acclaimed music journalist and New York Times bestselling author Joel Selvin was there for much of the turmoil following Garcia's death and in this book he offers a never before explored insider account of the ebbs and flows that occurred in the decades that followed Culminating in the landmark tour bearing the same name *Fare Thee Well* charts the arduous journey from Garcia's passing all the way up to the uneasy agreement between the Core Four that led to the series of shows celebrating the band's fiftieth anniversary finally allowing for a proper and joyous sendoff of the group revered by so many **San Francisco and the Long 60s** Sarah Hill, 2016-01-14 *San Francisco and the Long 60s* tells the fascinating story of the legacy of popular music in San Francisco between the years 1965-69 It is also a chronicle of the impact this brief cultural flowering has continued to have in the city and more widely in American culture right up to the present day The aim of *San Francisco and the Long 60s* is to question the standard historical narrative of the time situating the local popular music of the 1960s in the city's contemporary artistic and literary cultures at once visionary and hallucinatory experimental and traditional singular and universal These qualities defined the aesthetic experience of the local culture in the 1960s and continue to inform the cultural and social life of the Bay Area even fifty years later The brief period 1965-69 marks the emergence of the psychedelic counterculture in the Haight Ashbury neighbourhood the development of a local musical sound into a mainstream international style the mythologizing of the Haight Ashbury as the destination for seekers in the Summer of Love and the ultimate dispersal of the original hippie community to outlying counties in the greater Bay Area and beyond *San Francisco and the Long 60s* charts this period with the references to received historical accounts of the time the musical visual and literary communications from the counterculture and retrospective glances from members of the 1960s Haight community via extensive first hand interviews For more information read Sarah Hill's blog posts here <http://blogs.cardiff.ac.uk/musicresearch> 2014-05-15 *San Francisco and the Long 60s* <http://blogs.cardiff.ac.uk/musicresearch> 2014-08-22 *City Scale* <http://blogs.cardiff.ac.uk/musicresearch> 2015-07-21 *Fare Thee Well* *Backpacker*, 1995-04 *Backpacker* brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure *Backpacker* is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish *Backpacker's* Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry
