Foundations of Community Journalism

Bill Reader, John A. Hatcher, 2012 This is the first and only book to focus on how to understand and conduct research in this ever increasing field

Remaking a Global Cantonese Community with Television and Social Media Simin Li, 2024-01-23

Cantonese Jyut Jyu is a language prevailing in the Guangdong province of China Hong Kong Macau and ethnic Chinese groups in Southeast Asia and North America It evolves with the engagements of the authoritarian government and globalization over time Cantonese in China is special because it remains strong under the constant suppression from the administration and the continual interactions between the natives and migrants However the concern about Cantonese dying among the natives has been increasing in recent years The speaking population the imposed language policy and the economy at least determine Cantonese's life In particular the economy is also a window to examine the central local relations in China due to the leading roles of the Pearl River Delta Hong Kong and Macau in China's economic growth Therefore the struggles of local language between the younger generation and the Communist Party via the Internet are exposed The book intends to explore the rising of a potential language community around the globe that speaks Cantonese by analyzing the

usage and images of Cantonese of a popular TV show on YouTube discussion groups on Baidu Tieba and Facebook and talk shows on Bilibili with content analysis interviews and cases studies Through this research the relations between language and collective identity will be presented in an innovative way Remaking a Global Cantonese Community with Television and Social Media has something to offer everyone regardless of age or background For those residing in mainland China it s a journey back in time Older Cantonese speakers will reminisce about their childhood with memories of delicious Cantonese food playful children s songs and cherished customs Even those who aren t native Cantonese speakers will recall the Cantonese TV shows movies and music that colored their youth Younger readers will find familiar elements in the short videos they currently enjoy For language preservation advocates this book sheds light on Cantonese speakers efforts to protect their native language and the challenges they face For readers outside of mainland China it offers insights into the country s internal changing landscape especially grassroots practices and identities By blending the disciplines of linguistics political science and communication this book provides a broad perspective on how language is intertwined with our sense of belonging

Trust and Community on the Internet Bernd Lahno,Uwe Matzat,2016-11-07 No detailed description available for Trust and Community on the Internet

Teaching and Learning Online Franklin S. Allaire,Jennifer E. Killham,2023-01-01 Science is unique among the disciplines since it is inherently hands on However the hands on nature of science instruction also makes it uniquely challenging when teaching in virtual environments How do we as science teachers deliver high quality experiences to secondary students in an online environment that leads to age grade level appropriate science content knowledge and literacy but also collaborative experiences in the inquiry process and the nature of science The expansion of online environments for education poses logistical and pedagogical challenges for early childhood and elementary science teachers and early learners Despite digital media becoming more available and ubiquitous and increases in online spaces for teaching and learning Killham et al 2014 Wong et al 2018 PreK 12 teachers consistently report feeling underprepared or overwhelmed by online learning environments Molnar et al 2021 Seaman et al 2018 This is coupled with persistent challenges related to elementary teachers lack of confidence and low science teaching self efficacy Brigido Borrachero Bermejo Gunning Duran Duran 2004 Ideal for undergraduate teacher candidates graduate students teacher educators classroom teachers parents and administrators this book addresses why and how teachers use online environments to teach science content and work with elementary students through a research based foundation

The Innovative University Clayton M. Christensen, Henry J. Eyring, 2011-06-24 The Innovative University illustrates how higher education can respond to the forces of disruptive innovation and offers a nuanced and hopeful analysis of where the traditional university and its traditions have come from and how it needs to change for the future Through an examination of Harvard and BYU Idaho as well as other stories of innovation in higher education Clayton Christensen and Henry Eyring decipher how universities can find innovative less costly ways of performing their uniquely valuable functions Offers new ways forward to

deal with curriculum faculty issues enrollment retention graduation rates campus facility usage and a host of other urgent issues in higher education Discusses a strategic model to ensure economic vitality at the traditional university Contains novel insights into the kind of change that is necessary to move institutions of higher education forward in innovative ways This book uncovers how the traditional university survives by breaking with tradition but thrives by building on what it s done best

Counterterrorism Frank Shanty,2012-08-17 This two volume set examines modern nation state legislative diplomatic military and non military attempts to combat terrorism within and outside state borders The articles which comprise this comprehensive reference work address counterterrorism efforts employed by the international community prior to and following the events of September 11 2001 Global terrorism in the 21st century threatens the foundations of secular democracies and directly challenges global security thereby raising new and critical issues that transcend national borders This two volume reference carefully examines threats such as Weapons of Mass Destruction WMD terrorism agro environmental terrorism and energy related terrorism and discusses technologies and strategies such as the use of biometrics data mining information systems psychological profiling and terrorists rehabilitation efforts to mitigate these threats Counterterrorism From the Cold War to the War on Terror provides an easy to read discussion of some of the principal issues involved in combating contemporary terrorism Information is presented in non technical language making it appealing to the general reader as well as a solid reference for undergraduate college students and researchers Following each article are references to other articles of interest and a comprehensive index facilitates access to specific subject material The second volume includes a compilation of significant national and international treaties laws conventions and protocols that have been implemented in an attempt to counter these ongoing threats to domestic and international security
