Online Last Apostle Novel John Immortal:

A Consuming Passion Christopher M. Date, Ron Highfield, 2015-10-13 This diverse collection of essays in honor of Edward William Fudge explores the topics of hell and immortality for which Fudge has been widely known through his magnum opus *The Fire That Consumes*. Most Christians believe people will live and suffer in hell forever but Fudge defends a view known historically as conditional immortality. He and a growing minority of Christians believe God will grant immortality only to those who meet the condition of being united with Christ on the Last Day while those who do not will perish forever. Although Christians sharing Fudge's view have defended it both before and after him, conditionalists today still point to *The Fire That Consumes* as the seminal treatment of the topic. In July 2014 Christians from around the world gathered at the inaugural Rethinking Hell conference to celebrate Fudge's life and work and to discuss the nature of hell in an open and respectful forum. This volume contains most of the essays presented at that conference and several others volunteered by conditionalists since then as a gift to Fudge for the tremendous impact he has had on them and for the continued work he does for God's kingdom.

The Power of God David S. Lovi, Benjamin Westerhoff, 2013-08-07 The book you now hold in your hands contains nearly everything the great American puritan Jonathan Edwards (1703-58) ever wrote on the book of Romans. It is collated into a verse by verse Bible commentary. Pastors, theologians, historians, and Bible study leaders will find a treasure of biblical insight along with practical application as one of the great theologians of the Christian church expounds the book that Martin Luther called the most important piece in the New Testament. Jonathan Edwards' expository genius is clearly evident in both the depth of his biblical insight as well as his logic. Readers will be encouraged and edified as they delve deeply into the book of Romans with Jonathan Edwards by their side.

Death and Life Andy Boakye, 2017-07-20 The resurrection of Jesus is arguably the most significant component of the Christian narrative and is critical for Paul's presentation of the Gospel. Yet it is routinely marginalized in study of the polemics of Galatians largely because it is explicitly mentioned only once and even then only obliquely. This investigation redraws the boundaries of its impact in the letter showing the risen Christ to be an indispensable feature of how Paul's argument unfolds and achieves its ultimate objective: establishing a rationale for the creation of a multiethnic eschatological family of God which is grounded in Israel's biblical tradition.

The Fire That Consumes Edward William Fudge, 2012-10-25 While carefully examining the complete teaching of Scripture on the subject of Final Punishment, Fudge defends the view that the destiny of the unsaved will be final destruction rather than eternal conscious torment in hell as defended by the traditional view. The 3rd edition of this meticulous and compelling book takes a close look at the traditionalist critics and brings an overview of developments in the last thirty years.
