Stanyon,2015-06-02 Excerpt from *Conjuring for Amateurs A Practical Treatise on How to Perform Modern Tricks* In submitting the following collection of conjuring tricks to my brother magicians and the public generally I entertain the earnest hope that they will derive as much pleasure from the study and practice of the same as I have myself It is always a great delight for me either to witness or to practise a trick and it is a grand mental as well as manual exercise I contend that if practised only as a hobby conjuring is a wholesome and a moral one and if studied diligently with a determination to

succeed it cannot fail to sharpen the wits of the person practising it In compiling this work it has been my aim to describe such tricks as so far as I have been able to learn have not hitherto been published thus providing for my confreres and the public alike an interesting volume of present day magic and I trust that it may be the means of enabling the reader to astonish and amuse his friends and the public with the fascinating art of Legerdemain About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Stany, **Conjuring for Amateurs** Ellis Stanyon, 2017-12-21 Excerpt from *Conjuring for Amateurs* A Practical Treatise on How to Perform Modern Tricks There are one or two leading principles to be borne in mind by any one taking up the study of magic The first and foremost is Never tell the audience what you are going to do before you do it If you do the chances of detection are increased tenfold as the spectators knowing what to expect will the more readily arrive at the true method of bringing about the result It follows as a natural consequence that you must never perform the same trick twice in the same evening It is very unpleasant to have to refuse an encore and should you be called upon to repeat a trick study to vary it as much as possible and to bring it to a different conclusion About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
