The Rise of

the National Basketball Association David George Surdam, 2012-10-23 Today's National Basketball Association commands millions of spectators worldwide and its many franchises are worth hundreds of millions of dollars. But the league wasn't always so successful or glamorous. In the 1940s and 1950s the NBA and its predecessor the Basketball Association of America were scrambling to attract fans. Teams frequently played in dingy gymnasiums, players traveled as best they could, and their paychecks could bounce higher than a basketball. How did the NBA evolve from an obscure organization facing financial losses to a successful fledgling sports enterprise by 1960? Drawing on information from numerous archives, newspaper and periodical articles, and Congressional hearings, *The Rise of the National Basketball Association* chronicles the league's growing pains from 1946 to 1961. David George Surdam describes how a handful of ambitious ice hockey arena owners created the league as a way to increase the use of their facilities, growing the organization by fits and starts. Rigorously analyzing financial data and league records, Surdam points to the innovations that helped the NBA thrive: regular experiments with rules changes to make the game more attractive to fans, and the emergence of televised sports coverage as a way of capturing a larger audience. Notably, the NBA integrated in 1950, opening the game to players who would dominate the game by the end of the 1950s: Bill Russell, Elgin Baylor, Wilt Chamberlain, and Oscar Robertson. Long a game that players loved to play, basketball became a professional sport well supported by community leaders, business vendors, and an ever-growing number of fans. Rapture Nick Nurse, 2020-10-13 Nick Nurse distills the wisdom, insight, and experiences that helped him lead the Toronto Raptors to the NBA championship in his first year as head coach. Foreword by Phil Jackson. NBA fans had modest expectations for rookie coach Nick Nurse and his Toronto Raptors. But what those naysayers didn't realize was that Nurse had spent the past thirty years proving himself at every level of the game, from youth programs and college ball to the NBA D-League and Britain's struggling pro circuit. While few coaches have taken such a circuitous path to pro basketball's promised land, the journey which began at Kuemper Catholic high school in Carroll, Iowa, forged a coach who proved to be as unshakable as he is personable. On the road, he is known to bring his guitar and keyboard for late night jazz and blues sessions. In the locker room, he's steadfast and even keeled regardless of the score. On the court, he pulls out old school tactics with astounding success. A rookie in name but a veteran in attitude, Nurse is seemingly above the chaos of the game, and with only two seasons on his résumé, has already established himself as one of the NBA's most admired head coaches. Now, in this revealing new book, equal parts personal memoir, leadership manifesto, and philosophical meditation, Nurse tells his own story. Given unprecedented access inside the Raptors locker room, readers get an intimate study of not only the team culture he has built but also of a rookie coach's unique dynamic with the star players, such as Kawhi Leonard, Kyle Lowry, and Pascal Siakam, who helped trail blaze the 2019 championship run. As much for readers of Ray Dalio as for fans of John Wooden and
