Grave New World Michael E. Brown, 2003-07-29 The optimism that arrived at the end of the cold war and marked the turn of the Millennium was shattered by September 11 In the aftermath of that event it is not unwarranted

pessimism that lines the pages of Grave New World it is unavoidable reality Terrorism is but one aspect of many other wider concerns for national and international security and the contributors to this volume not only warn us but reward us as well with the clarity of their views into and possible solutions for a difficult complicated future They speak convincingly of the numerous military and non military challenges that create security problems whether those are interstate intrastate or transnational many of which are being dangerously overlooked in public policy debates The challenges and complexities might seem insurmountable but the first step in solving problems is recognizing that they exist Grave New World provides an eye opening assessment of the prospects for peace and security in the 21st century Michael E Brown frames these issues in his Introduction Security Challenges in the 21st Century and in his summation Security Problems and Security Policy in a Grave New World

Not Buying It Brett Graff, 2016-03-29 Most parents will do just about anything to secure happy lives and bright futures for their kids Add in competition with other parents and near constant pressure their drive to give their kids the best of everything can backfire setting back the child and the household finances Brett Graff The Home Economist exposes how overspending can harm children by setting back intellect and encouraging narcissism depression and unhealthy or unsafe habits By unearthing research on pricey baby gear oversized houses so called educational toys and after school lessons expensive sports equipment and private coaching even certain organic products and unregulated natural medicines she even has eye opening findings on private schools versus public schools Graff proves that we can spend too much getting our kids ahead and wind up instead setting them back Not Buying It proves that sound rational decision making about spending is far more beneficial for our kids than purchases made out of fear pressure and confusion With Graff's guidance you'll confidently create the financial strategy that's best for your family not the one pushed by marketers or practiced by your neighbors Not Buying It is your blueprint for emotional and financial freedom and the stability your children deserve
