Enlightenment Margaret K. Powell, Joseph Roach, 2020-12-10 Hair or lack of it is one the most significant identifiers of

individuals in any society In Antiquity the power of hair to send a series of social messages was no different This volume covers nearly a thousand years of history from Archaic Greece to the end of the Roman Empire concentrating on what is now Europe North Africa and the Near East Among the key issues identified by its authors is the recognition that in any given society male and female hair tend to be opposites when male hair is generally short women s is long that hair is a marker of age and stage of life children and young people have longer less confined hairstyles adult hair is far more controlled hair can be used to identify the other in terms of race and ethnicity but also those who stand outside social norms such as witches and mad women The chapters in A Cultural History of Hair in Antiquity cover the following topics religion and ritualized belief self and society fashion and adornment production and practice health and hygiene gender and sexuality race and ethnicity class and social status and cultural representations

Modernity and Epistemology in Nineteenth-Century Spain Ryan A. Davis, Alicia Cerezo Paredes, 2016-12-14 The fraught tension between science and religion has loomed large in scholarship about the nineteenth century in Spain especially given the prominence of the Catholic Church and the discoveries made by Wallace and Darwin The struggle for epistemological superiority between these two discourses science and religion has served to overshadow certain corners of the cultural landscape that though prominent sites of intellectual exploration in their day have received comparatively less scholarly attention until recently Fringe Discourses brings together a group of essays that seeks to restore a sense of the epistemological richness of nineteenth century Spain By exploring the relationship between epistemology modernity and subjectivity these essays recover significant efforts by Spanish authors and intellectuals to explain human nature and their world which seemed to be changing so radically before their eyes In doing so the essays also reveal just how elastic the relationship was between science and pseudoscience genius and quackery Offering a veritable Wunderkammer the authors collected here train their sights both on curious fields of study from pogonolgy the science of beards to Spiritualism and curiouser people from a government spy on undercover assignment in Morocco dressed as a Moorish prince to a hypnotic huckster who dupes the queen regent With other authors focusing on science fiction dystopias mystical journeys and anatomical symbology Fringe Discourses reveals the Spanish nineteenth century for the intellectual Wild West it was
