Activating the Power of the Cross Tony Evans, 2012-12-19 You've got to activate the power to experience the power. What would happen if our phones and computers ran out of power and couldn't be recharged? They would still have everything necessary to provide us with what we use them for, but without power they'd be useless. There is something more powerful than the technology we use each day, and it has an even greater capacity to positively impact and enrich our lives in every way. Yet it is an untapped, frequently inactivated resource. That something is the cross. In this book, Dr. Tony Evans will help you understand how to activate the power of the cross, gaining access to all of the benefits, blessings, and power contained within it, and through it so that you can live the empowered and victorious life God intended.

How Should Christians Vote? Tony Evans, 2012-05-01 Christians are a large and influential voting block today. But as each governmental election approaches, an increasing polarity occurs within those claiming the Christian faith. This comes as a result of party voting rather than voting according to Biblical mandates and authority. To refocus correctly, Dr.

Tony Evans goes back to the basics and teaches on how God established government as a divine institution whose tasks include promoting the well being of those within its realm and protection from evil Scripture trumps all political alliances making the voting decision a critical opportunity for Christians to promote God's Word and His values through whom they elect In the face of increasing emotions the Christians representing God's kingdom values should communicate His truths in a manner reflective of the King in a gracious and strategic way Dr Evans also looks at the necessary qualities in a good candidate which include intellect education competency skill and spiritual beliefs whether certain issues are non negotiables and how a responsible citizen is to research a candidates position in order to evaluate it against God's Word **American**

you aware various studies show the average adult makes over thirty three thousand total decisions choices in a day These include what you eat what you wear what you say and how you say it Think how much work that is right there Let's suppose you sleep seven hours a day new moms excluded then roughly you're making two thousand decisions choices per hour That comes out to one decision every two seconds Whew Tired already With statistics like this you can understand the necessity of reviewing every decision A choice is simply what you decide to do or not to do every moment of every day Your belief system plays into this with your moral values being a guiding factor for your decisions It is the lens you look through for outcome Every choice you make leads to a consequence whether good or bad When you put this truth together with the fact that you have a limited amount of time you gain a new perspective on how you spend your time If that alone was all the information given I believe it would point you to the necessity of making the most out of your day which requires making wise choices with your time Are you Do you think before acting Do you ask God to help you stay in his will throughout the day Do you pray

against the lure of distraction Or do you just barely survive the days Barely surviving or just getting by was never God's plan for you Your life was meant to make an eternal impact However for this to occur you must make the choice to slow down and make choices wisely looking through the lenses of eternity and not what feels good now The choice to exit the highway of distractions detours and empty delays to the two lane road where the drive is slow enough to see the opportunities around you This is where you will find God's purpose peace contentment and fulfillment Are you ready to look at your choices as what they are The attraction and lure of the things of our hearts are attached too A determination of the will is required to make the choices needed that brings God the most glory and puts our wants aside Compromise and casual Christianity have become common and you were meant for more than that Dig through the choices made by God's people that have come and gone before you and glean from their mistakes and triumphs You might discover your every moment's choices have greater ramifications than you ever thought

Reading Black Books Claude Atcho, 2022-05-17 Learning from Black voices means listening to more than snippets It means attending to Black stories Reading Black Books helps Christians hear and learn from enduring Black voices and stories as captured in classic African American literature Pastor and teacher Claude Atcho offers a theological approach to 10 seminal texts of 20th century African American literature Each chapter takes up a theological category for inquiry through a close literary reading and theological reflection on a primary literary text from Ralph Ellison's *Invisible Man* and Richard Wright's *Native Son* to Zora Neale Hurston's *Moses Man of the Mountain* and James Baldwin's *Go Tell It on the Mountain* The book includes end of chapter discussion questions Reading Black Books helps readers of all backgrounds learn from the contours of Christian faith formed and forged by Black stories and it spurs continued conversations about racial justice in the church It demonstrates that reading about Black experience as shown in the literature of great African American writers can guide us toward sharper theological thinking and more faithful living

Letters to a Birmingham Jail Bryan Loritts, 2014-03-26 More than fifty years ago Dr Martin Luther King Jr wrote his Letter from a Birmingham Jail Much has transpired in the half century since and progress has been made in the issues that were close to Dr King's heart Thankfully the burning crosses biting police dogs and angry mobs of that day are long gone But in their place passivity has emerged A passivity that must be addressed That's the aim of *Letters to a Birmingham Jail* A collection of essays written by men of various ethnicities and ages this book encourages us to pursue Christ exalting diversity Each contribution recognizes that only the cross and empty tomb of Christ can bring true unity and each notes that the gospel demands justice in all its forms This was a truth that Dr King fought and gave his life for and this is a truth that these modern day drum majors for justice continue to beat

Spiritual Blindness Mark Allison, 2015-03-24 The New Testament teaches three specific things how individual Christians in the church are to conduct themselves o Love one another as Christ loved us o How men and women treat each other outside of marriage o How husbands and wives treat each other inside of marriage These three basic human relationships serve as a witness to those outside the church as an evangelistic tool How

we deal with each other has ramifications for how we conduct ourselves spiritually before a lost world We have failed in these three basic relationships We need someone to step unafraid from the background and face down criticism and perhaps ridicule even persecution from the self righteous who continue to lead the church away and resist the necessary course corrections in these final days Who will be willing to confront the issues head on in order for the world to know Christ Are you as part of His church ready for the second coming of our Lord Would you be willing to face discomfort and ridicule if you knew that God had called you to such a fate What discomfort are you willing to endure for the cause of Christ

Gaining By Losing J.D. Greear, 2015-07-28 People are leaving the church J D Greear pastors Big givers Key volunteers Some of his best leaders and friends And that s exactly how he wants it to be When Jesus gave his disciples the Great Commission he revealed that the key for reaching the world with the gospel is found in sending not gathering Though many churches focus time and energy on attracting people and counting numbers the real mission of the church isn t how many people you can gather It s about training up disciples and then sending them out The true measure of success for a church should be its sending capacity not its seating capacity But there is a cost to this To see ministry multiply we must release the seeds God has placed in our hands And to do that we must ask ourselves whether we are concerned more with building our kingdom or God s In *Gaining By Losing* J D Greear unpacks ten plumb lines that you can use to reorient your church s priorities around God s mission to reach a lost world The good news is that you don t need to choose between gathering or sending Effective churches can and must do both

Divine Frustrations Jason L. Moore, 2023-11-21 The Bible encourages believers to love God with all their hearts Interestingly enough there is no command to like God Is the admonition to like God conspicuously absent due to its inherent difficulty If we are honest we can safely affirm that there are unlikable realities about our world that critics allege reflect poorly on the perceived nature of God However there is a lack of awareness regarding alternative ways to understand such realities Divine Frustrations is an attempt to bridge that gap by providing a balanced engaging approach to revisiting the

unpleasant aspects of God's dealings with humanity Drawing on decades of interactions with students atheists critics inmates and church members as well as people from all walks of life Moore offers reflections on both sides of the most common complaints leveled against God Whether you are a believer or a skeptic your approach to various topics will be challenged If you are open to considering alternatives to what you believe as well as new insights into your own views read on

The Definitive Answer to the Meaning of Life Jack Abaza,2023-11-16 This haunting question in all of its variations and interpretations has echoed through the annals of time Since the dawn of philosophy the world's intellectual titans have grappled valiantly with this enigma and many of them dedicated entire lifetimes to unearthing answers in religion aesthetics love personal convictions and myriad other realms but to no avail How has this ineluctable conundrum come to signify everything and nothing To term it the Holy Grail of philosophy is almost to insultingly undersell its gravitas the meaning of life remains maddeningly elusive mocking our most desperate curiosities Despite over 2 500 years of introspection debate and countless theories its mysterious prize remains unclaimed However this tome is no mere philosophical expedition for it is a revolution in the making it manifests a rebellion against the two thousand year old foundations of speculation and dares to shatter the orthodoxy By venturing into the forbidden realm of a science philosophers long denied as relevant and converging the scientific method with peerless reasoning the sort that would stupefy the most weathered thinkers this most eminent opus heralds philosophy's renaissance no longer as a quaint forgotten relic of bygone eras but as a vanguard discipline poised for reawakening

Advaita as a Global International Relations Theory Deepshikha Shahi,2018-07-11 The academic discipline of International Relations strives to attain a global spirit to narrow the cognitive gaps between the West and the Rest On the one hand there is the hegemonic presence of mainstream universalist Eurocentric IR theories and on the other the counter hegemonic presence of particularist Post colonial and De colonial non Eurocentric IR theories Nevertheless both theoretical traditions endorse epistemological dualism that essentially separates the theorizing subject from the theorized object thereby failing to bridge

the gaps This book uses the monist schema of subject object merger in the ancient Indian philosophy of Advaita to inaugurate a Global IR theory In the global theoretical schema of Advaitic monism the apparent particularist reality is supplemented not contradicted with the hidden universalist reality the net result of which is a reconciliation of dualism with monism at the theoretical practical level The possibilities of this reconciliation have not been estimated at either level and as such this untapped intellectual strategy stands to enrich both Eurocentric IR and non Eurocentric IR Shahi establishes Advaita as an alternative epistemological methodological tool to re imagine the complex realities of contemporary international politics This fully fledged Global International Relations Theory will appeal to students of international relations political theory administrative theory and philosophy
