Californian **Self, Attitudes, and Emotion Work** Christopher Bradley, 2017-09-08 This book is about how Western social psychology interfaces with an Eastern Zen Buddhist perspective It is neither a purely Zen Buddhist critique of the former nor is it merely a social psychological interpretation of Zen Rather it is an attempt to create common ground between each through the systematic comparison of certain shared fundamental concepts and ideas Anglo American social psychology is not much more than a century old despite having its roots in a broad philosophical tradition Alternately the Zen version of Buddhism can trace its historical origins to roughly 1 500 years ago in China Even though the two arose at different times and at first glance appear stridently antithetical the authors show that they share considerable areas of overlap The logic of Zen contemplates the consequences of the taken for granted tyranny created by personal memories and culture These traits common to every culture include hubris greed self centeredness distrust prejudice hatred fear anxiety and violence Social psychology leans more toward a nurture rather than nature explanation for behavior Both areas of research are firmly rooted within the domain of sociological social psychology the processes are also sometimes referred to as learning or conditioning Zen challenges in radical terms key assumptions of both sociology and psychology concerning individual identity human nature and human motivation This stimulating volume will provoke new thoughts about an old tradition and a newer area of scholarly work *Los Angeles Magazine* ,2005-04 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian *Hawaii Magazine* ,2006 *At the Edge of Empire* Edward Wong, 2024-06-27 SHORTLISTED FOR THE ORWELL PRIZE FOR POLITICAL WRITING A brilliant personal account of China s borderlands and peoples Francis Fukuyama Edward Wong is about as knowledgeable a guide to China as a reader could ever hope to find Barbara Demick In 1962 Edward Wong s father disillusioned with Communism fled China for Hong Kong and later the USA From then on he rarely spoke of his homeland or his years crisscrossing the country in Mao s People s Liberation Army Much later Edward became Beijing bureau chief for The New York Times and was drawn into investigating his father s past even as he assessed a resurgent China under Xi Jinping Witnessing civil rights struggles in Xinjiang Tibet and Hong Kong Wong reached a deeper understanding of his family and the nation This chronicle of nearly a century of momentous change reveals China as it catapulted into the superpower age *Christian Advocate* ,1886 **Santa Fe & Taos** ,2007 *Chicago Tribune Index* ,1995 **Stanford** ,2004 **Time Out London Shops and Services** Time Out, 2006-10 Including shops as well as services this title covers outlets offering Internet mail order shopping *Kodo* David Pybus, 2001 The elegant incense ceremony Kodo has a long colorful history in traditional Japanese life but remains little known in the West This beautiful and informative
