Most Influential Books:

Books that Changed the World Andrew Taylor, 2008 In *Books that Changed the World* Andrew Taylor sets himself the challenging task of choosing and profiling the fifty most important and influential books in the history of the world. He has selected books from every field of human creativity and intellectual endeavour from poetry to politics from fiction to philosophy from theology to anthropology and from economics to physics to create a rounded and satisfying picture of how 50 towering achievements of the human intellect have built our societies shaped our values enhanced our understanding of the nature of the world enabled technological advancements and reflected our concerns and dilemmas strengths and failings. In a series of engaging and lively essays Andrew Taylor sets each work and its author firmly in historical context summarizes the content of the work in question and explores its wider influence and legacy. A fascinating and richly informative read and a clarion call to delve deeper into the library of great books. *Books that Changed the World* is an thought provoking and stimulating read and the likely cause of many an impassioned debate.
