Attached at the Heart Barbara Nicholson, Lysa Parker, 2013-08-06. *Attached at the Heart* offers readers practical parenting advice for the modern age. In its most basic form, attachment parenting is instinctive. A crying baby is comforted and kept close to parents for protection. If hungry, he or she is breastfed. And while it is understood that there is no such thing as perfect parenting, research suggests that there is a strong correlation between a heightened sense of respect, empathy, and affection in those children raised the attachment parenting way. In this controversial book, readers will gain much needed insight into childrearing while learning to trust the intuitive knowledge of their child, ultimately building a strong foundation that will strengthen the parent-child bond. Contrary to popular belief, attachment parenting has been practiced in one form or another since recorded history. Over the years, it had been slowly replaced by a more detached parenting style, a style that is now believed by experts to be a leading contributing factor to suicide.

depression and violence The concept of attachment parenting a term originally coined by parenting experts William and Martha Sears has increasingly been validated by research in many fields of study such as child development psychology and neuroscience Also known as conscious parenting natural parenting compassionate parenting or empathic parenting its goal is to stimulate optimal child development While many attachment parenting recommendations likely counter popular societal beliefs authors Barbara Nicholson and Lysa Parker are quick to point out that the benefits outweigh the backlash of criticism that advocates of detached parenting may impose Counseling the Nursing Mother: A Lactation Consultant's Guide Judith Lauwers, Anna Swisher, 2020-07-01 Counseling the Nursing Mother A Lactation Consultant s Guide Seventh Edition presents topics within a counseling framework with practical suggestions and evidence based information interwoven throughout Additionally the Seventh Edition is an ideal study guide for International Board Certified Lactation Consultant IBCLC certification and practice **The Complete Book of Christian Parenting and Child Care** William Sears, Martha Sears, 1997-09-15 This total child care book offers Christian centered medically authoritative advice on every aspect of parenting from choosing an obstetrician to disciplining teenagers As parents of eight children William and Martha Sears draw on thirty years of practical and professional experience resulting in a valuable reference book no family should be without
