## **Nederlandsche Binnenschepen:**

**De Zuiderzee als transportlandschap** W.B. Waldus, 2022-02-05 Binnenvaart over de Zuiderzee is zeer belangrijk geweest voor de spectaculaire groei van de vroegmoderne Nederlandse economie 1550 1700 Dat concludeert promovendus Wouter Waldus Hij heeft voor zijn promotie de vloot van de turfschipperij op de Zuiderzee goed onderbouwd berekend en vergeleken met andere sectoren Daarnaast heeft hij de Zuiderzee als maritiem transportlandschap volledig in kaart gebracht vaarroutes markeringen redes etc Zo kon hij het unieke karakter van het binnenvaartnetwerk duidelijk maken Waldus vond tijdens zijn onderzoek ook aanwijzingen voor gezinsbewoning aan boord van binnenschepen rond 1650 veel vroeger dan tot nu toe werd aangenomen

**Nicolaes Witsen and Shipbuilding in the Dutch Golden Age** A. J. Hoving, Diederick Wildeman, 2012-03-29 In 1671 Dutch diplomat and scientist Nicolaes Witsen published a book that served among other things as an encyclopedia for the shell first method of ship construction In the centuries since Witsen's rather convoluted text has also become a valuable source for insights into historical shipbuilding methods and philosophies during the Golden Age of Dutch maritime trade However as Andr Wegener Sleeswyk's foreword notes Witsen's work is difficult to access not only for its seventeenth century Dutch language but also for the vagaries of its author's presentation Fortunately for scholars and students of nautical archaeology and shipbuilding this important but chaotic work has now been reorganized and elucidated by A J Hoving and translated into English by Alan Lemmers In Nicolaes Witsen and Shipbuilding in the Dutch Golden Age Hoving master model builder for the Rijksmuseum in Amsterdam sorts out the steps in Witsen's method for building a seventeenth century pinas by following them and building a model of the vessel Experimenting with techniques and materials conducting research in other publications of the time and rewriting as needed to clarify and correct some vital omissions in the sequence Hoving makes Witsen's work easier to use and understand Nicolaes Witsen and Shipbuilding in the Dutch Golden Age is an indispensable guide to Witsen's work and the world of his topic the almost forgotten basics of a craftsmanship that has been credited with the flourishing of the Dutch Republic in the seventeenth century To view a sample of Ab Hoving's ship model drawings please visit <http://nautarch.tamu.edu/shiplab/AbHoving.htm>

**The Frigid Golden Age** Dagomar Degroot, 2018-02-08 Explores the resilience of the Dutch Republic in the face of preindustrial climate change during the Little Ice Age

[Quellen und Darstellungen zur hansischen Geschichte](#), 1956

**"The Netherlandish Image after Iconoclasm, 1566?672 "** Mia M. Mochizuki, 2017-07-05 Debunking the myth of the stark white Protestant church interior this study explores the very objects and architectural additions that were in fact added to Netherlandish church interiors in the first century after iconoclasm In charting these additions Mia Mochizuki helps explain the impact of iconoclasm on the cultural topography of the Dutch Golden Age and by extension permits careful scrutiny of a decisive moment in the history of the image Focusing on the Great or St Bavo Church in Haarlem this interdisciplinary book draws on art history history and theology to look at the impact of iconoclasm and reformation on the process of image making in the early modern

Netherlands The new objects that began to appear in the early Dutch Reformed Church signaled a dramatic change in the form function and patronage of church art and testified to new roles for church government guild and resident Each chapter in the book introduces a major theme of the nascent Protestant church interior the Word made material the Word made memorial and the Word made manifest which is then explored through the painting sculpture and architecture of the early Dutch Reformed Church The text is heavily illustrated with images of the objects under discussion many of them never before published A large number of these images are from the camera of prize winning photographer Tjeerd Frederikse with additional photography courtesy of E A van Voorden This book unveils defines and reproduces a host of images previously unaddressed by scholarship and links them to more familiar and long studied Dutch paintings It provides a religious art companion to general studies of Dutch Golden Age art and lends greater depth to our understanding of iconoclasm as well as the way in which cultural artifacts and religious material culture reflect and help to shape the values of a community Taking up the challenge of an unusual category of objects for visual analysis this
