Nederlandsche Diplomatieke En Andere Bescherming In Den Vreemde 1795-1914:

Nederlandsche diplomatieke en andere bescherming in den vreemde 1795-1914 Lodewijk Spanjaard, 1923 **A**
Collection of the Diplomatic and Consular Laws and Regulations of Various Countries Abraham Howard
Feller, Manley Ottmer Hudson, 1933 **Catalogue of Books and Periodicals on International Law and Diplomatic History** Martinus Nijhoff, 2013-11-21 Catalogus van de boeken en kaarten uitmakende de bibliotheek van het Departement van Koloniën, 1898 Deutsche litteraturzeitung, 1924 **Commentaries on Selected Model Investment Treaties** Chester Brown, 2013-01-17
The existing literature on the substantive and procedural aspects of bilateral investment treaties BITs relies heavily on investment treaty arbitration decisions as a source of law. What is missing is a comprehensive analytical review of state practice. This volume fills this gap providing detailed analyses of the investment treaty policy and practice of nineteen leading capital exporting states and emerging market economies. The authors are leading experts in government academia and private legal practice and their chapters are largely based on primary source materials. Each chapter provides a description of the regulatory or policy framework governing foreign investment both inflows and outflows with a historical presentation of the state's Model BIT, an examination of internal government processes and practices relating to treaty negotiation, conclusion, ratification and record keeping and a detailed article by article analytical commentary of the state's Model BIT elucidating the policy behind each provision and highlighting the ways in which the actual investment treaty practice of that state deviates from this standard text. This commentary is supplemented by the case law relevant to that state's investment treaties. This commentary will be of immense assistance to counsel and arbitrators engaged in arguing and determining the proper interpretation of BITs and investment chapters in Free Trade Agreements and to government officials and scholars engaged in BIT policy formulation and implementation. It will serve as a standard resource for legal practitioners, scholars, policy makers and other stakeholders in the field of international investment policy law and arbitration. Deutsche Literaturzeitung, 1924 *The General Principles of Law as Applied by International Tribunals to Disputes on Attribution and Exercise of State Jurisdiction* Alexander Marie Stuyt, 2013-11-11
When war is being waged man is inclined to ask himself whether only force is governing the relations between States. War it is argued rests on a fact not on law and so the existence of international law as a body of rules applicable to the relations between States or to the relations between States and international institutions is called into question. Is international law both the law of peace and of war really based on general principles of law such as domestic law or is it but a conception of the spirit? The problem of the significance of general principles in international law has already been examined by many authors especially in relation to article 38, sect 3 of the Statute of the Permanent Court of International Justice which Court is to apply apart from international conventions and custom the general principles of law recognized by civilized nations. The purpose of this study was to construct a new method of inquiry into the general principles upon which international law is based. International law

is unwritten law Its positive rules must be sought in treaty texts diplomatic correspondence or decisions of international tribunals The latter material will be especially used in this study so as to avoid data of a rather political and subjective nature Moreover the international judge or arbitrator is mostly asked to 1 apply general rules of international law **The American Journal of International Law** ,1924 Vols for 1970 73 include American Society of International Law Proceedings no 64 67 Nederlands Tijdschrift voor Internationaal Recht Jean Pierre Adrien François,1959 **Netherlands and the Rise of Modern Imperialism** M. Kuitenbrouwer,1992 By comparing the Dutch case with that of Britain Belgium and Portugal this study examines the extent to which Dutch imperialism fitted the general pattern of European imperialism in the 19th century After a theoretical introduction which aims to clarify terms and assess the causes of imperialism the volume proceeds to analyze the developments of Dutch foreign expansion in the East Indies and South Africa setting this in the wider context of international relations in the period **Bijdragen en mededelingen van het Historisch Genootschap** Historisch Genootschap (Utrecht, Netherlands),1964 **Bijdragen en mededeelingen ...** Historisch Genootschap (Utrecht, Netherlands),1963 *Lijst van geschriften van leden der Vereeniging Thijmgenootschap*,1931 Bijlagen van het verslag der handelingen Netherlands.
