**David Bowie 1983-2016** Don Klees,2025-03-25 In a career full of twists and turns none was as sharp as the one David

Bowie experienced after his 1983 album *Let's Dance*. The record gave Bowie the hit that he wanted but completely altered his artistic standing in the process. Instead of an innovator who pushed rock music forward the singer found himself a global superstar with a mass audience whose tastes he didn't understand and who reciprocated this feeling as the 1980s unfolded. After immersing himself in the band project *Tin Machine* Bowie spent the 1990s embracing reinvention and experimentation with mixed but often fascinating results leading to a full fledged renaissance early in the 21st century. From there his story only got stranger. 2013's *The Next Day* was a triumphant comeback after years of self imposed silence while 2016's *Blackstar* stood among his most challenging albums and became the final release of his lifetime. One constant is that the records David Bowie released during this time were ultimately the result of his own artistic vision wherever it took him. This book considers all those releases on their own merits away from the shadow of his 1970s landmarks. Even if Bowie himself didn't always appreciate the results every album featured songs worthy of his reputation. The author Don Klees literally watches TV for a living. When not basking in television's glow he enjoys debating the merits of theatre versus film with his wife telling his kids about music from before they were born including several David Bowie concerts and writing about pop culture in general. In addition to two previous books for *SonicBond* Don's writing has appeared in *ChromaKey Culture*, *Sonar* and *We Are Cult* as well as various anthologies including the David Bowie themed *Me And The Starman*. **Iggy Pop: Open Up And Bleed** Paul Trynka, 2009-12-03 For those who like their rock biogs thick with tales of heroic over indulgence *OPEN UP AND BLEED* is hard to beat. *Irish Evening Herald* Iggy Pop's life has been one of extraordinary highs and terrifying lows. Infamous for his wild ways he is also a towering figure of the rock scene hugely influential charismatic and provocative. Every mad bad dangerous to know rock star owes a debt to him and the stories of his shocking behaviour are legendary. But Iggy Pop is also to a large extent a construct the alter ego of the quietly spoken and intriguing Jim Osterberg the kid voted Most Likely to Succeed by his classmates. So what turned this charming well mannered straight A student into a poster child for rock n roll debauchery? Iggy Pop *Open up and Bleed* reveals the truth behind the myths. Former *MOJO* editor Paul Trynka tracked down the star's friends family lovers and fellow musicians conducting over two hundred and fifty interviews unearthing countless new stories about Iggy's rollercoaster life his music and his often misunderstood friendship with David Bowie. From this impeccable research he creates a fascinating portrait of a man at war with the world and with himself. The book also features dozens of never before seen photos. **Album Rescue Series** Tim Dalton, 2015-10-16 This album rescue series book evolved from long debates with friends family and colleagues as to the merits of various unloved and mistreated albums. These discussions lead to committing our thoughts to paper and rescuing various albums that the press and general public considered to be far from exemplary of a particular artist. This book rights those wrongs. The album rescue series book is a contributive piece of work by music and media scholars each of whom take a unique approach to rescuing an album they love. Taken from back cover **David Bowie**, **David Bowie** Eoin Devereux, Aileen Dillane, Martin Power, 2015-03-24 David

Bowie Critical Perspectives examines in detail the many layers of one of the most intriguing and influential icons in popular culture. This interdisciplinary book brings together established and emerging scholars from a wide variety of backgrounds including musicology, sociology, art history, literary theory, philosophy, politics, film studies, and media studies. Bowie's complexity as a singer, songwriter, producer, performer, actor, and artist demands that any critical engagement with his overall work must be interdisciplinary and wide-ranging in its scope. The chapters are organised around the key themes of textualities, psychologies, orientalisms, art and agency, and performing and influencing in Bowie's work. This comprehensive book contributes a great deal to the study of popular music, performance, gender, religion, popular media, and celebrity.

**Trouble Boys** Bob Mehr, 2016-03-01 NEW YORK TIMES BESTSELLER Based on a decade of research and reporting as well as access to the Replacements' key principals Paul Westerberg and Tommy Stinson, author Bob Mehr has fashioned something far more compelling than a conventional band bio. *Trouble Boys* is a deeply intimate portrait revealing the primal factors and forces that shaped one of the most brilliant and notoriously self-destructive rock n roll bands of all time. Beginning with riveting revelations about the Replacements' troubled early years, *Trouble Boys* follows the group as they rise within the early 80s American underground. It uncovers the darker truths behind the band's legendary drinking, showing how their addictions first came to define them and then nearly destroyed them. A roaring road adventure, a heartrending family drama, and a cautionary showbiz tale, *Trouble Boys* has deservedly been hailed as an instant classic of rock lit. *CAMION BLANC* Alvin Gibbs, Apr s avoir quitt le groupe britannique de punk rock les UK Subs, Alvin Gibbs re ut l appel d un vieil ami guitariste des Hanoi Rocks, Andy McCoy. Qu est ce que tu dirais de jouer comme bassiste sur la tourn e mondiale d Iggy Pop ? Ce qui ressemble au r ve de tout musicien de rock s est mu en une odyss e d cadente et surr aliste. 230 performances uniques de la part d Iggy dans les plus grandes villes des cinq continents. La menace int rieure, drogues, alcool, et groupies japonaises. Suivez Iggy dans son pop e travers les sc nes mondiales, son trac au moment de jouer en pr sence de David Bowie, ou son attaque de franc tireur contre le g ant Pepsi. Pendant ce temps l les membres de son groupe croisent le chemin de Johnny Thunders en train de baiser au fond des chiottes en allant vomir leur abus de drogue, et sont les protagonistes d une soir e digne de Sade dans la chambre d un des membres des Guns N Roses.
