Breaking the Frames Marc Singer, 2019-01-09 Comics studies has reached a crossroads Graphic novels have never received more attention

and legitimation from scholars but new canons and new critical discourses have created tensions within a field built on the populist rhetoric of cultural studies As a result comics studies has begun to cleave into distinct camps based primarily in cultural or literary studies that attempt to dictate the boundaries of the discipline or else resist disciplinarity itself The consequence is a growing disconnect in the ways that comics scholars talk to each other or more frequently do not talk to each other or even acknowledge each other's work Breaking the Frames Populism and Prestige in Comics Studies surveys the current state of comics scholarship interrogating its dominant schools questioning their mutual estrangement and challenging their propensity to champion the comics they study Marc Singer advocates for greater disciplinary diversity and methodological rigor in comics studies making the case for a field that can embrace more critical and oppositional perspectives Working through extended readings of some of the most acclaimed comics creators including Marjane Satrapi Alan Moore Kyle Baker and Chris Ware Singer demonstrates how comics studies can break out of the celebratory frameworks and restrictive canons that currently define the field to produce new scholarship that expands our understanding of comics and their critics

Ghost Dancing with Colonialism Grace Li Xiu Woo,2011-09-01 Some assume that Canada earned a place among postcolonial states in 1982 when it took charge of its Constitution Yet despite the formal recognition accorded to Aboriginal and treaty rights Indigenous peoples continue to argue they are still being colonized Grace Woo assesses this allegation using a binary model that distinguishes colonial from postcolonial legality She argues that two legal paradigms governed the expansion of the British Empire one based on popular consent the other on conquest and the power to command Despite the best intentions of lawyers and judges the beliefs and practices of the colonial age continue to haunt Supreme Court of Canada rulings concerning Indigenous rights The binary analysis applied in *Ghost Dancing with Colonialism* casts explanatory light on ongoing tensions between Canada and Indigenous peoples suggesting new ways to bridge the cultural divide and arrive at a truly postcolonial justice system Additional appendices and references for *Ghost Dancing with Colonialism* Decolonization and Indigenous Rights at the Supreme Court of Canada can be found at <https://circle.ubc.ca/handle/2429/34959>
