Neo Rauch At The Well:

Neo Rauch Norman Rosenthal, Jacob Grimm, Wilhelm Grimm, 2014 At the Well produced to coincide with an exhibition of Neo Rauch's new works at David Zwirner in New York brings together both small and large format paintings that expand the artist's unique iconography of eccentric figures, animals and hybrids within vaguely familiar but imaginary settings. This oversized catalogue designed in close collaboration with the artist is anchored by sixteen stunning plates and numerous details that bring to life and gives viewers intimate access to these compelling compositions. Themes of rebirth and new beginnings abound. Rauch consistently creates characters who appear to be in the process of transformation, literally on the brink of renaissance. These figures, though squarely centred in his paintings, often have the appearance of being part of still lifes collaged with anachronistic elements belonging to different time zones and eras, offering a contemporary take on the storied tradition of visual and psychological pastiche. In addition, At the Well features an illuminating essay by art historian and curator Sir Norman Rosenthal who presents a careful reading of Rauch's new work, including its relationship to fairy tales, the influence of the German Democratic Republic on his development as an artist in the 1980s, and the overarching sense of alienation that is present within his narratives. The book also includes a reprint of the classic Brothers Grimm fairy tale The Young Giant, specifically chosen by Rosenthal to further expand his analysis.

Neo Rauch Neo Rauch, Gottfried Boehm, 2006 In a lakeside scene, a man leans on a graphic of an arrow as if it were a rake handle; in the garden, tentacles rise from the shoreline and rectangular speech bubbles hang empty in the yellow sky. In a Dali-esque interior, the corner of a comforter drips off a bed. This major new overview of the work of the Leipzig painter Neo Rauch makes once again the case that he is one of the most important artists of his generation. He remains committed to putting brush to canvas in an age when digital media are gaining ground, and among a crowd of similarly dedicated colleagues, he stands out at the forefront. While his work of the 1980s was influenced by Expressionism, his more recent portfolio revels in a new take on Socialist Realism, clearly shaped by the experience of growing up in the former East Germany. Rauch riffs on the once-mandated styles of his youth and on western abstraction from the second half of the twentieth century, all in coloration and figuration that directly allude to the Socialist past. Between cartoon styling and historic technique, he has found a distinctive style, palette and concept. These dreamlike sequences feel both timeless and deeply rooted. Rauch gathers figures from the past in surreal landscapes and interiors to tell enigmatic stories about the present.

After the Berlin Wall K. Gerstenberger, J. Braziel, 2011-11-21 Twenty years after its fall, the wall that divided Berlin and Germany presents a conceptual paradox: on one hand, Germans have sought to erase it completely; on the other, it haunts the imagination in complex and often surprising ways.

The Best Art in the World Noah Becker, Michael Maizels, 2025-08-12 Founded in 2005, Whitehot Magazine has become one of the leading channels for contemporary art criticism. Since its inception, Whitehot has published thousands of reviews covering art from the United States, East Asia, the Middle East, Africa, and South America, with key pieces authored by

critical luminaries including Anthony Haden Guest Donald Kuspit and Phoebe Hoban The magazine is also uniquely independent in its editorial voice Unlike other large art world publications Whitehot is owned and managed by its founding editor rather than by a media holding company On the occasion of its upcoming 20th anniversary founder Noah Becker and contributor Michael Maizels have compiled a critical anthology of the magazine's writings The selected articles not only encapsulate the storied history of Whitehot but also provide a significant window into the evolution of art practice and art criticism since the turn of the Millennium
