## Streaming Top Shows Review:

*Netflix, Dark Fantastic Genres and Intergenerational Viewing* Djoymi Baker, Jessica Balanzategui, Diana Sandars, 2023-07-04 Focusing on Netflix's child and family orientated platform exclusive content this book offers the first exploration of a controversial genre cycle of dark science fiction horror and fantasy television under Netflix's Family Watch Together TV tag Using a ground breaking mix of methods including audience research interface and textual analysis the book demonstrates how Netflix is producing dark family telefantasy content that is both reshaping child and family friendly TV genres and challenging earlier broadcast TV models around child appropriate family viewing It illuminates how Netflix encourages family audiences to watch together through intergenerational dynamics that work on and offscreen The chapters in this book explore how this Netflixication of family television developed across landmark examples including Stranger Things A Series of Unfortunate Events The Dark Crystal Age of Resistance and even Squid Game The book outlines how Netflix is consolidating a new dark family terrain in the streaming sector which is unsettling older concepts of family viewing leading to considerable audience and critical confusion around target audiences and viewer expectations This book will be of particular interest to upper level undergraduates graduates and scholars in the fields of television studies screen genre studies childhood studies and cultural studies

**Multimedia Networks** Hans W. Barz, Gregory A. Bassett, 2016-01-14 The transportation of multimedia over the network requires timely and errorless transmission much more strictly than other data This had led to special protocols and to special treatment in multimedia applications telephony IP TV streaming to overcome network issues This book begins with an overview of the vast market combined with the user's expectations The base mechanisms of the audio video coding H 26x etc are explained to understand characteristics of the generated network traffic Further chapters treat common specialized underlying IP network functions which cope with multimedia data in conjunction which special time adaption measures Based on those standard functions these chapters can treat uniformly SIP H 248 High End IP TV Webcast Signage etc A special section is devoted to home networks which challenge high end service delivery due to possibly unreliable management The whole book treats concepts described in accessible IP based standards and which are implemented broadly The book is aimed at graduate students practitioners with good basic knowledge in computer networking It provides the reader with all concepts of currently used IP technologies of how to deliver multimedia efficiently to the end user

Electronic Media Norman J. Medoff, Barbara K. Kaye, 2016-12-01 Electronic Media Then Now and Later provides a synopsis of the beginnings of electronic media in broadcasting and the subsequent advancements into digital media The Then Now and Later approach focuses on how past innovations laid the groundwork for changing trends in technology providing the opportunity and demand for evolution in both broadcasting and digital media An updated companion website provides links to additional resources chapter summaries study guides and practice quizzes instructor materials and more This new edition features two new chapters one on social media and one on choosing your entertainment

and information experience The then now later thematic structure of the book helps instructors draw parallels and contracts between media history and current events which helps get students more engaged with the material The book is known for its clear concise readable and engaging writing style which students and instructors alike appreciate The companion website is updated and offers materials for instructors an IM PowerPoint slides and test bank [The Review of Reviews](#) William Thomas Stead,1892 **Streaming and Copyright Law** Lasantha Ariyaratna,2022-09-05 This book examines the challenges posed to Australian copyright law by streaming from the end user perspective It compares the Australian position with the European Union and United States to draw lessons from them regarding how they have dealt with streaming and copyright By critically examining the technological functionality of streaming and the failure of copyright enforcement against the masses it argues for strengthening end user rights The rising popularity of streaming has resulted in a revolutionary change to how digital content such as sound recordings cinematographic films and radio and television broadcasts is used on the internet Superseding the conventional method of downloading using streaming to access digital content has challenged copyright law because it is not clear whether end user acts of streaming constitute copyright infringement These prevailing grey areas between copyright and streaming often make end users feel doubtful about accessing digital content through streaming It is uncertain whether exercising the right of reproduction is appropriately suited for streaming given the ambiguities of embodiment and scope of substantial part Conversely the fair dealing defence in Australia cannot be used aptly to defend end users acts of streaming digital content because end users who use streaming to access digital content can rarely rely on the defence of fair dealing for the purposes of criticism or review news reporting parody or satire or research or study When considering a temporary copy exception end users are at risk of being held liable for infringement when using streaming to access a website that contains infringing digital content even if they lack any knowledge about the content s infringing nature Moreover the grey areas in circumventing geo blocking have made end users hesitant to access websites through streaming because it is not clear whether technological protection measures apply to geo blocking End users have a severe lack of knowledge about whether they can use circumvention methods such as virtual private networks to access streaming websites without being held liable for copyright infringement Despite the intricacies between copyright and access to digital content the recently implemented website blocking laws have emboldened copyright owners while suppressing end users access to digital content This is because the principles of proportionality and public interest have been given less attention when determining website blocking injunctions **Forest and Stream** ,1894
