The Animal Catalyst Patricia MacCormack, 2014-06-19 The Animal Catalyst deals with the question of what is an animal and also in some instances what is a human It pushes critical animal studies in important new directions it re examines basic assumptions suggests new paradigms for how we can live and function ecologically in a world that is not simply ours It argues that it is not enough to recognise the ethical demands placed upon us by our encounters with animals or to critique our often murderous treatment of them this simply reinforces human exceptionalism Featuring contributions from leading academics lawyers artists and activists the book examines key issues such as How compassion for animals reinforces ideas of what distinguishes human beings from other animals How speciesism and human centrality are built into the legal system How individualist subjectivity works in relation to animals who may not think of themselves in the same way How any consideration of animal others must involve a radical deconstruction of our very notion of the human How art philosophy and literature can both avoid speciesism and deliver the human from subjectivity This volume is a unique project which stands at the cutting edge of both animal rights philosophies

Eldritch Tales H.P. Lovecraft, 2011-07-21 Following on from the phenomenal success of *NECRONOMICON* comes *ELDRITCH TALES*. Howard Phillips Lovecraft died at the age of 47 but in his short life he turned out dozens of stories which changed the face of horror. His extraordinary imagination spawned both the Elder God Cthulhu and his eldritch cohorts and the strangely compelling town of Innsmouth, all of which feature within these pages. This collection gathers together the rest of Lovecraft's rarely seen but extraordinary short fiction, including the whole of the long out-of-print collection *FUNGI FROM YOGGOTH*. Many of these stories have never been available in the UK. Stephen Jones, one of the world's foremost editors of dark fiction, will complete the Lovecraft story in his extensive afterword, and award-winning artist Les Edwards will provide numerous illustrations for this must-have companion volume to *NECRONOMICON*.

The Call of Cthulhu and Other Weird Stories H.P. Lovecraft, 2024-02-20 *The Call of Cthulhu and Other Weird Stories*. *THE CALL OF CTHULHU*. *The Thing on the Doorstep*. *Pickman's Model*. *Herbert West Reanimator*. *Dagon*. *The Dreams in the Witch House*. *The Dunwich Horror*. *The Cats of Ulthar*. A definitive collection of stories from the unrivaled master of twentieth-century horror. I think it is beyond doubt that H.P. Lovecraft has yet to be surpassed as the twentieth century's greatest practitioner of the classic horror tale. Stephen King frequently imitated and widely influential. Howard Phillips Lovecraft reinvented the horror genre in the 1920s, discarding ghosts and witches and instead envisioning mankind as a tiny outpost of dwindling sanity in a chaotic and malevolent universe. S.T. Joshi, Lovecraft's preeminent interpreter, presents a selection of the master's fiction from the early tales of nightmares and madness such as *The Outsider* to the overpowering cosmic terror of *The Call of Cthulhu*. More than just a collection of terrifying tales, this volume reveals the development of Lovecraft's mesmerizing narrative style and establishes him as a canonical and visionary American writer. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators. H.P. Lovecraft was born in 1890 in Providence, Rhode Island, where he lived most of his life. Frequent illnesses in his youth disrupted his schooling, but Lovecraft gained a wide knowledge of many subjects through independent reading and study. He wrote many essays and poems early in his career but gradually focused on the writing of horror stories after the advent in 1923 of the pulp magazine *Weird Tales*, to which he contributed most of his fiction. His relatively small corpus of fiction—three short novels and about sixty short stories—has nevertheless exercised a wide influence on subsequent work in the field, and he is regarded as the leading twentieth-century American author of supernatural fiction. H.P. Lovecraft died in Providence in 1937.
