R. Kumaraswamy, Md. Muddassir Quamar, 2018-09-29 The book traces India's Saudi Policy and locates the current state of bilateral relations and the challenges it faces It argues that during the Cold War the relations were largely shaped by the Pakistan factor which in turn inhibited both sides from exploring the importance and value of one another As a result the relations were largely transactional and marginal The end of the Cold War coincided with two interesting developments namely significant growth in India's economic power and influence and the dehyphenation of Pakistan from its Middle East policy This resulted in greater political engagements between India and Saudi Arabia and was strengthened by the growing energy trade ties For long expatriate population and haj have been the backbone of the relations and they have been new instruments as India looks to enhance its engagements with the Kingdom through investments opportunities political contacts shared security concerns and strategic cooperation India's Saudi policy however face many challenges most importantly the regional instability the Iran factor low oil price and the international dynamics The book will be the first comprehensive work on the India Saudi relations Though targeting a wider audience it will be academically grounded and based on primary sources collected from India and Saudi Arabia *Indian Books in Print*, 2001 **Political Ideas and Movements in India** Sankar Ghose, 1975 *Accessions List* United States.
