Philip G. Cerny

Neoliberalism In Crisis International Political Economy Series:

Heterarchy in World Politics Philip G. Cerny, 2022-12-30 Heterarchy in World Politics challenges the fundamental framing of international relations and world politics IR theory has always been dominated by the presumption that world politics is at its core a system of states However this has always been problematic challengeable time bound and increasingly anachronistic In the 21st century world politics is becoming increasingly multi nodal and characterized by heterarchy the coexistence and conflict between differently structured micro and meso quasi hierarchies that compete and overlap not only across borders but also across economic financial sectors and social groupings Thinking about international order in terms of heterarchy is a paradigm shift away from the mainstream competing paradigms of realism liberalism and constructivism This book explores how since the mid 20th century the dialectic of globalization and fragmentation has caught states and the interstate system in the complex evolutionary process toward heterarchy These heterarchical institutions and processes are characterized by increasing autonomy and special interest capture The process of heterarchy empowers strategically situated agents especially agents with substantial autonomous resources and in particular economic resources in multi nodal competing institutions with overlapping jurisdictions The result is the decreasing capacity of macro states to control both domestic and transnational political economic processes In this book the authors demonstrate that this is not a simple breakdown of states and the states system it is in fact the early stages of a structural evolution of world politics This book will interest students scholars and researchers of international relations theory It will also have significant appeal in the fields of world politics security studies war studies peace studies global governance studies political science political economy political power studies and the social sciences more generally

The Capitalist Mode of Power Tim Di Muzio, 2013-08-15 This edited volume offers the first critical engagement with one of the most provocative and controversial theories in political economy the thesis that capital can be theorized as power and that capital is finance and only finance The book also includes a detailed introduction to this novel thesis first put forward by Nitzan and Bichler in their Capital as Power Although endorsing the capital as power argument to varying extents contributors to this volume agree that a new understanding of capital that radically departs from Marxist and Neoclassical theories cannot be ignored Offering the first application and appraisal of Nitzan and Bichler's theory chapters examine the thesis in the context of energy and global capitalization US Investment Banks trade and investment agreements between Canada the US and Mexico and multinational corporations in Apartheid South Africa Balancing theory methodology and empirical analysis throughout this book is accessible to new readers whilst contextualising and advancing the original theoretical debate The Capitalist Mode of Power will be of interest to students and scholars of International Relations Political Economy Globalization and Critical Theory

The Palgrave Handbook of Critical International Political Economy Alan Cafruny, Leila Simona Talani, Gonzalo Pozo Martin, 2016-07-05 Challenging the assumptions of mainstream International Political Economy IPE this Handbook demonstrates the

considerable value of critical theory to the discipline through a series of cutting edge studies The field of IPE has always had an inbuilt vocation within Historical Materialism with an explicit ambition to make sense from a critical standpoint of the capitalist mode of production as a world system of sometimes paradoxically and sometimes smoothly overlapping states and markets Having spearheaded the growth of a vigorous critical scholarship in the 1960s and 1970s however Marxism and neo Gramscian approaches became increasingly marginalized over the course of the 1980s The authors respond to the exposure of limits to mainstream contemporary scholarship in the wake of the onset of the Global Financial Crisis and provide a comprehensive overview of the field of Critical International Political Economy Problematising socioeconomic and political structures and considering these as potentially transitory and subject to change the contributors aim not simply to understand a world of conflict but furthermore to uncover the ways in which purportedly objective analyses reflect the interests of those in positions of privilege and power *Latin America's Emerging Middle Classes J.*

Dayton-Johnson,2015-01-27 Politicians business leaders and citizens look with hope to the Latin American middle class for political stability and purchasing power but the economic position of the middle class remains vulnerable The contributors document the remarkable emergence of this middle group in Latin America whose measurement turns out not to be an easy task **Oxford Handbook of the International Monetary Fund** ,2024-10-07 The International Monetary Fund IMF is a pivotal institution in global economic governance tasked with ensuring monetary stability and preventing financial crises through promoting balanced trade economic growth and poverty reduction It also plays a powerful normative role by shaping economic policies worldwide through its research and expertise The IMF played a crucial role in managing crises like the 2008 financial crisis and the COVID 19 pandemic providing significant financial aid and advocating for stimulus measures However the IMF faces both internal and external challenges from reforming its governance structure to better represent emerging economies to finding its place in a world increasingly defying liberal internationalism and multilateralism Despite reforms power remains concentrated among advanced economies hindering inclusivity and trust particularly in regions like sub Saharan Africa Geopolitical tensions populist nationalism and economic imbalances further strain the IMF s effectiveness This handbook aims to uncover these challenges by providing diverse perspectives and proposing policy recommendations that the Fund could undertake to better navigate the complex landscape of 21st century global governance Part I delves into its historical origins and key debates of the IMF Part II focuses on formal operations such as lending surveillance and capacity development Part III explores the involvement of different actors including states markets and civil society Part IV discusses partnerships with other international organizations and collaboration in financial regulation Part V analyzes shifts in policy instruments and ideological frameworks Part VI broadens concerns to include gender mainstreaming labor markets climate policy and inclusive growth Part VII addresses internal challenges including cultural diversity concerns and uniformity of treatment Part VIII evaluates external challenges such as populist movements China s influence global

inequality and unresolved issues in Europe Part IX explores how the IMF can meet the multiple challenges identified in this volume and positively impact 21st century global governance

The Routledge Handbook to Global Political Economy Ernesto Vivares, 2020-04-16 The Routledge Handbook to Global Political Economy provides a comprehensive guide to how Global Political Economy GPE is conceptualized and researched around the world Including contributions that range from traditional International Political Economy IPE to GPE approaches the Handbook gathers the investigations varying perspectives and innovative research of more than sixty scholars from all over the world Providing undergraduates postgraduates teachers and researchers with a complete set of traditional contending and regional perspectives the book explores current issues conceptual tools key research debates and different methodological approaches taken Structured in five parts methodologically correlated the book presents GPE as a field of global regional and national research historical waves and diverse ontological axes major theoretical perspectives beyond traditional perspectives regional inquiries research arenas Carefully selected contributions from both established and upcoming scholars ensure that this is an eclectic pluralist and multidisciplinary work and an essential resource for all those with an interest in this complex and rapidly evolving field of study

Hegemony, International Political Economy and Post-Communist Russia Owen Worth, 2017-07-05 This illuminating book explores the neo Gramscian school of international political economy and their conceptualization of global hegemony and furthers these by looking at how the often fragmented society of post Communist Russia can provide insight into the nature and workings of neo liberal global hegemony The volume illustrates how historically Russia has been a unique case in rejecting Western inspired hegemonic projects It outlines how successive governments since the fall of the Soviet Union have attempted often unsuccessfully to integrate Russia into the global economy and identifies the multitude of ideological contestation within Russia It will prove a useful addition to the literature on both post Communist Russian studies and international political economy

Regions and Crises Lorenzo Fioramonti, 2012-06-26 Investigates the intimate relationship between regional governance processes and global crises Analysing the current turmoil in the European Union it also looks at regional cooperation and integration in the Arab world Africa Asia and Latin America through topical case studies

Krisendiskurse und kapitalistische Entwicklungspfade Julia Lux, 2017-06-23 Julia Lux diskutiert die arbeits und sozialpolitischen Projekte in Deutschland und Frankreich vor dem Hintergrund der Krisenprozesse seit 2007 Zentral argumentiert sie dass Deutschland auch in der Krise das Arbeits und Sozialsystem der Agenda 2010 konsolidiert w hrend in Frankreich starke Ver nderungen in der Arbeits und Sozialpolitik erkennbar sind Mit Hilfe eines kritischen diskursorientierten Ansatzes zur polit konomischen Analyse wird beleuchtet wie politische Akteure und Akteurinnen den Trend zur Deregulierung des Arbeitsmarktes Ausweitung der Lebens arbeitszeit und Reform sowie Reduktion der Sozialsysteme in beiden L ndern legitimieren und pr gen

[Employment and Development under Globalization](#) S. Cohn, 2012-07-24 Cohn lays out a new strategy of how states can produce economic development in poor nations by

considering barber shops beauty parlours hotels and restaurants in Brazil Cohn considers the case of nations with budgetary limits that cannot afford to follow the East Asian model and finds alternative policies that create jobs and reduce poverty

American Hegemony after the Great Recession Brandon Tozzo, 2017-10-17 This book traces America's rise as a hegemon of the capitalist system arguing that the greatest threat to global economic stability is America's polarized and ineffectual political system rather than foreign competition from China and the European Union The author points to China's considerable demographic problem which will likely undermine its economic potential Furthermore the sovereign debt crisis in Europe which has left the continent politically fragmented by an institutional malaise is evidence of the United States continued status as the world's most successful nation Tozzo posits that due to factors such as its initial response to the financial crisis the near failure of its banking system the catastrophe of the debt ceiling crisis and the election of Donald Trump as president the greatest threat to American hegemony is America itself

The Oxford Handbook of International Political Economy, 2025-01-17 The field of International Political Economy IPE has rapidly developed into a central pillar in the study of International Relations and its interdisciplinary roots make it a rich and productive area of scholarly interest This Oxford Handbook analyses and evaluates the state of the art in IPE research Bringing together leading experts from a wide geographical and theoretical spectrum the Handbook provides accessible and comprehensive surveys on topics central to the study of International Political Economy As IPE scholarship evolves to explore global events such as financial crises and trade wars examining how politics is both a cause and a consequence of economics it highlights the practical and problem driven nature of the field The Handbook considers the purported European North American divide and the impact of the surrounding debate on the approach taken to the field The chapters review the scholarly literature outline future research opportunities and consider the ways in which world events have contributed to new research in the field The Handbook covers both the theoretical and methodological foundations of the field as well as substantive topics within it including regulation foreign aid migration NGOs capital political military relations and many others The Oxford Handbooks of International Relations is a twelve volume set of reference books offering authoritative and innovative engagements with the principal sub fields of International Relations The series as a whole is under the General Editorship of Christian Reus Smit of the University of Melbourne and Duncan Snidal of the University of Oxford with each volume edited by specialists in the field The series both surveys the broad terrain of International Relations scholarship and reshapes it pushing each sub field in challenging new directions Following the example of Reus Smit and Snidal's original Oxford Handbook of International Relations each volume is organized around a strong central thematic by scholars drawn from different perspectives reading its sub field in an entirely new way and pushing scholarship in challenging new directions

The Routledge Handbook on Contemporary Turkey Joost Jongerden, 2021-07-26 This Handbook discusses the new political and social realities in Turkey from a range of perspectives emphasizing both changes as well as continuities Contextualizing recent developments the

chapters written by experts in their fields combine analytical depth with a broad overview In the last few years alone Turkey has experienced a failed coup attempt a prolonged state of emergency the development of a presidential system based on the supreme power of the head of state a crackdown on traditional and new media universities and civil society organizations the detention of journalists mayors and members of parliament the establishment of political tutelage over the judiciary and a staggering economic crisis It has also terminated talks with the Kurdistan Workers Party PKK intervened in and occupied mountainous border areas in northern Iraq to fight that organization occupied Afrin and strips of territory in northern Syria intervened in Libya articulated an assertive transnational politics toward kin across the world strained its relations with the European Union and the US while developing relations with Russia flirted with China's intercontinental Belt and Road Initiative and carved out a presence in Africa to name just a few of the most recent developments This volume provides a comprehensive and wide ranging overview of the making of modern Turkey It is a key reference for students and scholars interested in political economy security studies international relations and Turkish studies

Die Globalisierungs- und Weltordnungspolitik der Europäischen Union Hans-Jürgen Bieling, 2010-08-17 Noch immer sehen viele in der europäischen Integration vor allem eine Reaktion und Antwort auf die Globalisierung Zuletzt wird jedoch sehr intensiv darüber diskutiert ob und inwiefern die EU selbst eine aktive Globalisierungs- und auch Weltordnungspolitik praktiziert Diese Studie arbeitet sehr gründlich theoretisch konzeptionell und empirisch heraus dass dies in beträchtlichem Umfang inzwischen der Fall ist Nicht zuletzt werden die Kernelemente und Operationsformen eines europäischen Staats Zivilgesellschafts Komplexes identifiziert der auch die Außenbeziehungen EU insbesondere in den Bereichen der Handels Währungs und Finanzmarkt sowie auch der Sicherheitspolitik maßgeblich definiert Gestützt auf die spezifischen Muster der staatlich zivilgesellschaftlichen Interaktion verfolgt die EU bislang eine primär kooperative und rechtsbasierte Hegemonialstrategie die allerdings zunehmend z.B. mit Blick auf die Energiesicherheit durch ökonomische und geopolitische Ziele und Strategieelemente ergänzt wird

Emerging Markets and the State Christopher Wylde, 2017-07-27 This book through an analysis of case studies in Latin America and Southeast Asia sets out to understand the form and function of contemporary states seeking to guide and cajole markets hoping to stimulate economic growth and generate robust development outcomes In the context of contemporary globalization and the hegemony of a neoliberal mode of capital accumulation independent state directed development has moved away from the reach of many emerging markets Wylde's analysis reveals that contrary to much of the literature espousing the end of the state the role of the state in the 21st century development process continues to be of pivotal importance

The International Political Economy of Transition Stuart Shields, 2014-10-03 This book explores the role played by state and multinationals in shaping transition It uniquely integrates issues of globalisation and transnationalism into the analysis of post communism This book will be of interest to students and researchers of transition postcommunism political economy and European politics

Health Geographies Tim Brown, Gavin J.

Andrews, Steven Cummins, Beth Greenhough, Daniel Lewis, Andrew Power, 2017-07-24 *Health Geographies A Critical Introduction* explores health and biomedical topics from a range of critical geographic perspectives Building on the field's past engagement with social theory it extends the focus of health geography into new areas of enquiry Introduces key topics in health geography through clear and engaging examples and case studies drawn from around the world Incorporates multidisciplinary perspectives and approaches applied in the field of health geography Identifies both health and biomedical issues as a central area of concern for critically oriented health geographers Features material that is alert to questions of global scale and difference and sensitive to the political and economic as well sociocultural aspects of health Provides extensive pedagogic materials within the text and guidance for further study *Neoliberalization of South Korea* Kyung-Sup Chang, Se-Kyun Kim, Keun Lee, 2025-05-02 No doubt South Korea's neoliberalization has been closely influenced by the ideologies policies and experiences of the precedingly neoliberal West but neoliberal shifts in the South Korean context have most critically conflated with the conditions and structures of its own distinctive developmental political economy and life world Over nearly four decades of apparent neoliberal transitions the country is now simultaneously neoliberal developmental neoliberally developmental and developmentally neoliberal Such complexities and contradictions are systematically analyzed in this transdisciplinary volume written by leading analysts of South Korea and beyond They exhaustively cover the political economic social and cultural dimensions of South Korea's neoliberalization in conjunction with its earlier developmental order and latest all front restructuring *Handbook of the International Political Economy of Monetary Relations* Thomas Oatley, W. Kindred Winecoff, 2014-06-27 This extensive Handbook provides an in depth exploration of the political economy dynamics associated with the international monetary and financial systems Leading experts offer a fresh take on research into the interaction between system structure and *The Routledge Handbook to the Political Economy and Governance of the Americas* Olaf Kaltmeier, Anne Tittor, Daniel Hawkins, Eleonora Rohland, 2020-01-09 This handbook explores the political economy and governance of the Americas placing particular emphasis on collective and intertwined experiences Forty six chapters cover a range of Inter American key concepts and dynamics The flow of peoples goods resources knowledge and finances have on the one hand promoted interdependence and integration that cut across borders and link the countries of North and South America including the Caribbean together On the other hand they have contributed to profound asymmetries between different places The nature of this transversally related and multiply interconnected hemispheric region can only be captured through a transnational multidisciplinary and comprehensive approach This handbook examines the direct and indirect political interventions geopolitical imaginaries inequalities interlinked economic developments and the forms of appropriation of the vast natural resources in the Americas Expert contributors give a comprehensive overview of the theories practices and geographies that have shaped the economic dynamics of the region and their impact on both the political and natural landscape This multidisciplinary approach will be of

interest to a broad array of academic scholars and students in history sociology geography economics and political science as well as cultural postcolonial environmental and globalization studies

Neoliberalism In Crisis International Political Economy Series Introduction

In the digital age, access to information has become easier than ever before. The ability to download Neoliberalism In Crisis International Political Economy Series has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Neoliberalism In Crisis International Political Economy Series has opened up a world of possibilities. Downloading Neoliberalism In Crisis International Political Economy Series provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Neoliberalism In Crisis International Political Economy Series has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Neoliberalism In Crisis International Political Economy Series. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Neoliberalism In Crisis International Political Economy Series. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the

efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Neoliberalism In Crisis International Political Economy Series, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Neoliberalism In Crisis International Political Economy Series has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Neoliberalism In Crisis International Political Economy Series Books

1. Where can I buy Neoliberalism In Crisis International Political Economy Series books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
